## VON BUELOW

Reported to Be Skied for  
Ambassador to the  
United States

IN PLACE OF BERN-  
STORFF

Information Comes From  
London Sources

### WASHINGTON IS SKEPTICAL

As to Accuracy of the Re-  
port, As No Official Or  
Unofficial Information  
About the Prince's Com-  
ing Upon a Special Mis-  
sion From Emperor Wil-  
liam Given Officials.

[ASSOCIATED PRESS TELEGRAM]  
London, May 24, 2:30 p. m.—The  
Exchange Telegraph company says it  
learns from diplomatic circles that  
Prince von Buelow, former German  
chancellor, is proceeding to Washing-  
ton, charged by Emperor William  
with special mission.

The Exchange Telegraph company  
also says it understands Prince von  
Buelow will become Ambassador to  
the United States; this information  
is said to have been obtained from  
diplomatic circles in London.

Prince von Buelow, one of the  
foremost statesmen of Europe, has  
been referred to frequently in the  
last few months as the man who  
might be selected by Emperor Wil-  
liam to conduct preliminary peace  
negotiations, should they be under-  
taken. He had been mentioned in  
this connection not only on account  
of the experience and recognized  
ability but because he has occupied  
rather a detached position so far as  
actual conduct of the war is con-  
cerned.

FRANKLY SKEPTICAL  
OF LONDON REPORT.  
[ASSOCIATED PRESS TELEGRAM]  
Washington, May 24.—State de-  
partment officials were frankly skep-  
tical of the accuracy of the report  
that Prince von Buelow was coming  
to Washington on a special mission  
from Emperor William. They have  
received no official or unofficial in-  
formation that such a visit was in  
prospect.

## CARRANZA NOTE IS TO BE SENT BY MESSENGER

[ASSOCIATED PRESS TELEGRAM]  
Washington, May 24.—The new  
note from General Carranza will be  
sent to Washington by special mes-  
senger. Special Agent Rodgers at  
Mexico City advised the state de-  
partment today. Mr. Rodgers did  
not say when the messenger would  
start and gave no forecast of the  
contents of the communication. It  
is expected to reach Washington  
late next week.

Previous reports from Mr. Rod-  
gers have described the attitude of  
Carranza officials as increasingly  
friendly toward the United States  
and added that the feeling pre-  
vailed among them that the critical  
period as to the border situation  
had passed.

Officials have attributed this re-  
sult to General Carranza's verbal re-  
port to General Obregon on his con-  
ference with Generals Scott and  
Fuston at the border.

### NEW ELKS' HOME.

[ASSOCIATED PRESS TELEGRAM]  
East Liverpool, O., May 24.—East  
Liverpool lodge of Elks, No. 258,  
will dedicate its new \$70,000 home  
here today. Congressman A. Barch  
field, of Pittsburgh will deliver the  
dedicatory oration at the formal ex-  
ercises this afternoon. The festivi-  
ties of the day will close with a  
banquet this evening. Delegations  
from lodges in Western Pennsylv-  
ania, West Virginia and South-east-  
ern Ohio will take part in the ded-  
ication exercises.

### AUTO TURNED TURTLE

[ASSOCIATED PRESS TELEGRAM]  
Canton, O., May 24.—Louis H.  
Lehmkuhn is in Mercy Hospital uncon-  
scious from injuries received last  
night when the automobile he was  
driving swerved from the roadway,  
turned turtle and took fire. Three  
companions in the automobile escape  
ed serious injury although Miss Ber-  
na Rowe was pinned under the car.  
The engine burned before fire reached  
the passengers.

## Germany Cannot Outlast Britain, Derry Declares

Lord Derby.

"It is a question of sticking it out,  
and we'll stick it out to the end,"  
says Lord Derby of England. "This  
war is a matter of army reserves."

## M'CULLOUGH CASE NOW IN JURY'S HANDS

(Special to Advocate.)  
Wooster, O., May 24.—The fail-  
ure of Dr. R. E. McCullough to take  
the stand was used strongly in the  
argument of Attorney Ross for the  
plaintiff this afternoon. Judge  
Critchfield ruled that the evidence  
would have to show actual efforts  
on the part of the defense to en-  
courage the intimacy of McCullough  
and the Dixon girl before they would  
be liable. Mere knowledge and tol-  
erance were insufficient. Judge  
Critchfield ruled. The case went to  
the jury shortly before 2 p. m. to-  
day.

A rigorous cross-examination of  
William C. McCullough, superinten-  
dent of the Wayne County Children's  
Home, by Attorney W. Howard  
Ross, in the \$10,000 alienation of  
affections suit brought against him,  
his brother David and their mother,  
Mrs. Dora McCullough, of New-  
ark, former wife of Dr. Robert E.  
McCullough, was the principal fea-  
ture of the closing of the testimony.  
Attorneys for Mrs. McCullough had  
succeeded, after a heated argument,  
in introducing a copy of the evidence  
given by W. C. McCullough in the  
doctor's divorce hearing in Michigan.

"Don't you know that what you  
said on the witness stand was un-  
true, didn't you know it then, and  
don't you know you were not telling  
the truth?" the attorney shot at the  
witness.

McCullough stated Mrs. McCul-  
lough had told him nearly everything  
he had testified to in the Michigan  
trial referring to Dora McCullough.  
W. C. McCullough, in the divorce  
hearing, had stated that in his opin-  
ion, the doctor was entitled to a di-  
vorce, according to the copy of the  
evidence.

Mrs. David McCullough, of Or-  
ville, denied Mary Jane Dixon was  
ever in their home, and said the  
story of a necklace belonging to the  
Dixon girl, being found in their home  
was false.

David McCullough testified he did  
not know his brother was seeking a  
divorce until after it was granted.

The testimony in the case was  
practically concluded on Tuesday af-  
ternoon, and when the case was re-  
sumed before Judge Critchfield this  
morning, only two witnesses were  
placed on the stand.

Following them came the argu-  
ments in the case.

The court room was filled again  
today for the oratory fight. It has  
been packed and jammed since the  
case started Monday. The brothers  
who are the defendants are among  
the county's most prominent citizens,  
and while the story of the troubles  
in the McCullough family has been  
dragged from Newark to Chicago  
and to Mason, Mich., and back again,  
this is the first hearing of any part  
of the case in this county.

### WIFE FACES HER HUSBAND

As a Witness Against Him,  
But No Sign of Recogni-  
tion Passes Between the  
Two—Mrs. Waite Testi-  
fies Concerning Her Fa-  
ther's Good Health When  
He Visited Her Last Time

[ASSOCIATED PRESS TELEGRAM]  
New York, May 24.—The sender  
of the mysterious "K. Adams" tele-  
gram which has figured in the case  
of Dr. Arthur Warren Waite, accus-  
ed of the murder of this father-in-  
law, John E. Peck, millionaire, the  
Grand Rapids drug manufacturer,  
was identified as Elizabeth B. Har-  
dwick, of Somersville, N. J., at Waite's  
trial today. This was the telegram  
from New York to Grand Rapids,  
urging Percy Peck to have an auto-  
psy performed on his father's body.

Mrs. Clara Louise Peck Waite  
faced her husband, Dr. Arthur War-  
ren Waite, in the court for the first  
time today when she took the stand  
as a witness against him. Mrs.  
Waite was dressed in mourning,  
came into the court room so quietly  
that few observed her as she took  
a seat behind the jury box as her  
brother Percy Peck was testifying.

Dr. Waite who had been sitting  
with bowed head all the forenoon  
looked at his wife but she appeared  
not to see him.

Mrs. Waite testified concerning  
her father's visit from Grand Rap-  
ids to New York and said that  
Waite suggested that Dr. Albertus  
A. Moore be called to see her father.

"We, that is, father, Dr. Waite and  
myself, had planned to go to Hot  
Springs on a visit. Father appeared  
to be in very good health."

Some time after her father's ar-  
rival here, Mrs. Waite said he de-  
veloped fainting spells. Waite already  
has admitted that he inoculated him  
as well as Mrs. Peck with disease  
germs. The witness told of an oc-  
currence at dinner three days before  
Mr. Peck's death when Waite served  
her father with someysters and  
later he remarked that he felt un-  
usually drowsy.

When asked if she noticed any-  
thing unusual in Waite's manner,  
Mrs. Waite broke down and sobbed,  
but finally replied, "no, only what  
my maid told me later."

She said her father's condition  
grew gradually worse and she called  
in Dr. Moore several times. Miss  
Elizabeth B. Hardwick was on the  
witness stand only a short time. She  
testified that she sent the "K. Ad-  
ams" telegram on March 12 from the  
Grand Central Station in this city,  
warning the Peck family that Mr.  
Peck might have suffered foul play.

Miss Hardwick preceded Mrs.  
Clara Peck Waite as a witness.

To support the contention that  
Dr. Waite committed murder in the  
hope of gaining possession of the  
Peck fortune, and that his charac-  
ter and career were such as to lend  
color to this hypothesis the district  
attorney was prepared to call to the  
stand the defendant's wife, his  
brother, Percy Peck, of Grand Rap-  
ids and Mrs. Margaret Horton, the  
young woman with whom Waite

## DIED ON A TRAIN WHILE GOING TO BROTHER'S FUNERAL

[ASSOCIATED PRESS TELEGRAM]  
Columbus, May 24.—Mr. Theron  
Thrall, proprietor of a large Cleve-  
land laundry, died suddenly early  
this morning on a train between this  
city and Cleveland, while he was en  
route to Cincinnati, where his brother,  
Major W. R. Thrall, died yesterday.

Mr. Thrall was 77 years old. Death  
is believed to have resulted from  
heart failure. Funeral services will  
be held in Columbus at the Masonic  
temple at 2 o'clock Friday afternoon.

For many years Mr. Thrall was in  
charge of the registry department at  
the Columbus postoffice, later be-  
coming manager of a local laundry.  
He organized and was captain of the  
first Ohio volunteer troops accepted  
for service by the Union at the be-  
ginning of the civil war. Mr. Thrall  
and his brother who died yesterday  
in Cincinnati were the sons of a one  
time editor of the Ohio State Journal  
of this city. Both were prominent  
Masons.

FOUND DEAD IN OFFICE.  
[ASSOCIATED PRESS TELEGRAM]  
Tiffin, O., May 24.—Dr. Charles  
T. Benner, aged 60, former member  
of the city council, was found dead  
in his office yesterday. Neuritis of  
the heart was the cause of death.

## Leads Austrians In Italian Drive

Archduke Charles Francis Joseph.  
Archduke Charles Francis Joseph  
is in command of the Austrian army  
which is now making a determined  
and partly successful drive against  
Italy. The commander of the in-  
vading forces is also the heir to the  
Austrian throne.

## PRES. WILSON IS GREATEST OF LEADERS

GLORIOUS TRIBUTE PAID BY  
GOVERNOR STANLEY OF  
KENTUCKY

As Temporary Chairman of the  
State Convention—Other  
Political Gatherings.

[ASSOCIATED PRESS TELEGRAM]  
Lexington, Ky., May 24.—"Today  
the Democracy of Kentucky, deter-  
mined and harmonious, flies in solid  
phalanx behind the greatest leader  
of the western world," declared  
Governor A. O. Stanley here today  
in his address as temporary chair-  
man before the Democratic State  
convention. Governor Stanley re-  
viewed the work of the first six  
months of the present state admin-  
istration, pointing to the enactment  
of various laws by the recent legis-  
lature as the fulfillment of every  
platform pledge, and declared that  
the Democratic party has ever been  
the true friend of temperance.

"Never since the Civil war has any  
man faced such grave responsibil-  
ities and attempted the solution of  
such world embracing problems,"  
said Governor Stanley in referring to  
President Wilson. "Upon the suc-  
cess of Democracy depends the  
honor of the flag and the peace of  
America. The eyes of all mankind  
are upon you. Life and death, the  
horrors of war and the blessing of  
peace and tranquility await the wis-  
dom of your action."

"Today Old Kentucky salutes her  
sister states from Maine to Califor-  
nia. She unfurls her triumphant  
banner, from her flaming standard  
floats the signal 'all is well in Old  
Kentucky.' United we stand with  
that great and wise and patient  
chieftain who is, and in the province  
of God for four years more shall be,  
the President of the United States."

WEST VIRGINIA "PROS."  
[ASSOCIATED PRESS TELEGRAM]  
Wheeling, W. Va., May 24.—A  
call was issued last night for the  
State Prohibition convention to be  
held in Clarksburg on June 7.

## ARREST AUTOISTS; A MANSLAUGHTER CHARGE IS MADE

[ASSOCIATED PRESS TELEGRAM]  
Cleveland, May 24.—After more  
than a year's effort to get evidence  
against the autoists who ran down  
and killed Gustave C. Hirschert, 38,  
on April 3, 1915, local detectives to-  
day arrested four men, one of whom  
is charged with manslaughter. Fred  
Smith, 22, was charged with man-  
slaughter and three others, who made  
written admissions, according to the  
police, are to be held under bond as  
witnesses to the killing of Hirschert.

### ONE OF THE FINAL STEPS

In a Contest Which Started  
When President Wilson  
On January 28, Sent Bran-  
deis' Nomination as Asso-  
ciate Justice of the Su-  
preme Court to the Senate  
and Has Been On Since.

[ASSOCIATED PRESS TELEGRAM]  
Washington, May 24.—The senate  
judiciary committee voted ten to  
eight today to report favorably to  
the senate the nomination of Louis  
D. Brandeis to be Associate Justice  
of the Supreme Court. It was a  
strict party vote.

No plan as to when the nomina-  
tion will be taken up in the senate  
has yet been formulated. The ac-  
tion of the committee remained in  
doubt up to the time the vote was  
taken. Senator Shields, Democrat of  
Tennessee arrived in the capital to-  
day just in time to cast the deciding  
vote.

Senator Cummins of Iowa was the  
only member of the committee not  
present. His vote however was re-  
corded against confirmation.

Sensors voting for confirmation  
were Culbertson, Overman, Chilton,  
O'Gorman, Fletcher, Reed, Ashurst,  
Shields, Walsh and Smith of Geo-  
gia.

Sensors voting against confirma-  
tion were Clark of Wyoming; Nelson  
Dillingham, Sutherland, Brandegee,  
Borah, Cummins and Works.

The vote is one of the final steps  
in a contest which started as soon  
as the nomination was sent to the  
senate by President Wilson on Janu-  
ary 28. Weeks were spent by a  
sub-committee taking testimony re-  
garding charges against the nomi-  
nee, formulated by a committee of  
citizens of Boston. The sub-commi-  
tee recommended confirmation by a  
district party vote of three to two.

The charge against Mr. Brandeis  
was "unethical conduct in relation to  
several clients and working under  
cover."

President A. Laurence Lowell of  
Harvard, headed the committee of  
citizens organized to fight confirma-  
tion. William H. Taft, Simeon E.  
Baldwin, Francis Rawley, Jos. H.  
Choate, Elihu Root, Moorfield Storey  
and Peter W. Meldrim, each a for-  
mer president of the American Bar  
Association also opposed confirma-  
tion.

### AGREEMENT IS READY TO SIGN

[ASSOCIATED PRESS TELEGRAM]  
Cleveland, May 24.—While C. E.  
Maurer, chairman of the Pittsburgh  
rein operators committee declared  
today that all details of the new  
agreement with the Eastern Ohio  
miners had been settled and was  
ready for signing, other members of  
the committee declared there was  
still difference of opinion on some  
points. The operators' and miners'  
committees were to hold another  
meeting Tuesday. C. J. Albain,  
president of the miners' eastern Ohio  
sub-district, declared the new arbi-  
tration clause had been agreed to,  
but the committees were at odds  
over a clause relating to the removal  
of stone which falls in the way of  
cutting machines.

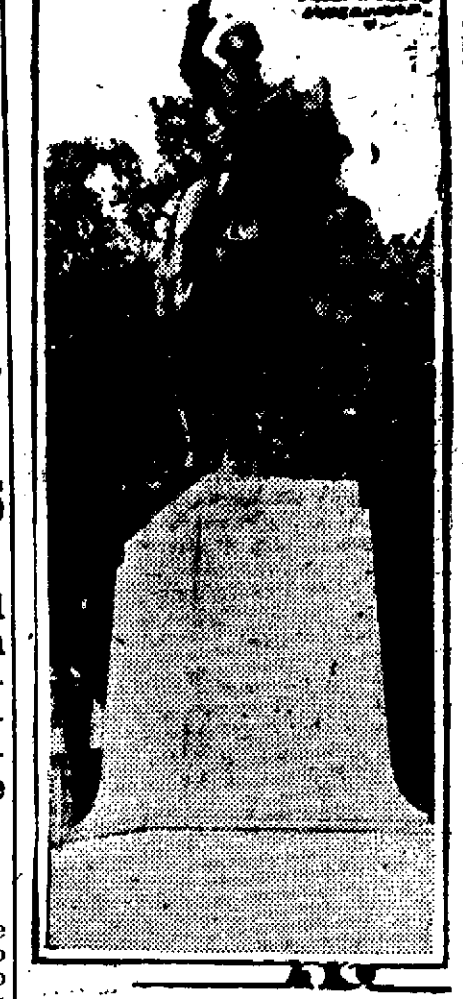

## THREE CONTRACTORS IN CLEVELAND FACE BLACKMAIL CHARGE

[ASSOCIATED PRESS TELEGRAM]  
Cleveland, May 24.—William  
Hachtel, manager of the Wahl Mov-  
ing and Storage company, state wit-  
ness for the prosecution, told in  
criminal court here today how he  
was repeatedly threatened that he  
would be put out of business within  
24 hours and maybe killed or cripp-  
led for life unless he contributed  
\$400 for the Teamsters' Union offi-  
cials' "tatty fund" in the trial of  
three moving and teaming contrac-  
tors charged with blackmail.

The defendants who are officers of  
the Cleveland Carriage club, are D. F.  
Beverington, W. W. Toot and R. M.  
Andrews, are charged with threaten-  
ing contractors in order to raise  
\$7000 to be paid to the Teamsters'  
Union officers to obtain a better con-  
tract with their employees.

LUTHERAN WOMEN MEET.  
Fremont, O., May 24.—Several  
hundred women connected with the  
Federation of Women's Societies in  
the Fremont conference of the Luth-  
eran church held a convention here  
today. Mrs. W. F. Rose, Fremont  
Sisters of the Church, Oak Harbor;  
Miss K. E. Hemmingsway Woodville  
and Prof. E. Poltner, D. D., of Co-  
lumbus, were among the speakers.

## Washington Statue, Given By Unknown Donor, Is Unveiled

Washington statue at West Point.

This statue of George Washington,  
given to the country by an unknown  
donor described as a "patriotic citi-  
zen, a veteran of the Civil war," has  
just been unveiled at West Point.  
The statue stands with its back to-  
ward the Hudson river, and the fig-  
ure's outstretched hand is lifted as  
in benediction toward the West Point  
Naval Academy.

## NO JURY YET; SIXTH VENIRE IS SUMMONED

[ASSOCIATED PRESS TELEGRAM]  
Waukegan, Ill., May 24.—A rul-  
ing that is expected to enter largely  
into the trial of Will H. Orpet,  
charged with the murder of Marion  
Lambert, and relating to the degree  
of credence the jury shall place in  
circumstantial evidence, was prom-  
ised today by Judge Donnelly.

In the examination of a pros-  
pective jurymen, counsel for Orpet  
advised that circumstantial evidence  
should be taken with caution.

State's Attorney Dady disputed the  
assertion and authorities were cited.  
The court promised to make a ruling  
later.

L. J. Hieronymous, who had been  
tentatively accepted as a juror by  
the defense for jury service, was ac-  
cepted by the state today. The ex-  
amination of the new venire com-  
posed largely of business men and  
bankers, was started.

## NO PEACE SAYS HINDENBURG IN ADDRESS TO MEN

[ASSOCIATED PRESS TELEGRAM]  
London, May 24.—An order of the  
day said to have been issued recent-  
ly by Field Marshal von Hindenburg  
to his men on the Russian front is  
quoted as follows in a Central News  
dispatch from Basel, Switzerland:  
"For some time a rumor has been  
spreading among the troops that  
peace negotiations are about to be-  
gin, and this fact coupled with the  
instant of self preservation which is  
constantly growing, is having a bad  
effect on the morale of the men. In  
the name of the emperor, I declare  
that there cannot be any question of  
peace until we have crossed the  
Dvina. Soldiers, if you wish peace,  
go and seek it on the other side of  
the Dvina."

## BOYS CONFESS 30 ROBBERIES

[ASSOCIATED PRESS TELEGRAM]  
Cleveland, May 24.—Local police  
officials said today that John Vano,  
12, and William Oravic, 13, have  
confessed they have staged at least  
35 robberies here this spring. The  
boys were arrested last night for  
taking 80 pounds of lead from a tin-  
ning company. They will be turned  
over to juvenile court.

## TUBERCULOSIS IN CINCINNATI MADE SUBJECT OF REPORT.

[ASSOCIATED PRESS TELEGRAM]  
Cincinnati, May 24.—That the re-  
port of the federal expert on the tu-  
berculosis situation in Cincinnati  
has done more to awaken interest in  
the fight to stamp out this deadly  
than have all the efforts of various  
agencies for twenty years is the be-  
lief of Health Officer Landis, ex-  
pressed in a report filed today with  
Mayor Fuchta and the members of  
the health board. Dr. Landis also  
urges that while attention is given  
to "better housing" as a means of  
eliminating the disease, officials  
should not lose sight of the factors  
which are making the tenement  
house possible—poverty and its com-  
panion conditions.

## WARNING

Given All Presbyterians the  
Tenets of Church Must  
Be Accepted

BY ALL CANDIDATES  
FOR ORDINATION

Further Discussion Believed  
to Be Ended.

### ABSENCE OF ANY DEBATE

Came As a Surprise and En-  
tire Assembly Thanked  
God for Amicable Solu-  
tion of Problem Which  
Threatened Split In the  
Church—Methodists Will  
Publish All Magazines.

[ASSOCIATED PRESS TELEGRAM]  
Atlantic City, N. J., May 24.—  
The general assembly of the Presby-  
terian church in the United States of  
America today adopted without de-  
bate a report from the committee  
on bills and overtures warning the  
New York and all other Presbyteries  
that the tenets of the church must  
be accepted by candidates for the  
ministry before they should be or-  
dained. This action, it is believed,  
ends further discussion in the pres-  
ent assembly of the alleged heresy  
question in which the New York  
Presbytery and Union Theological  
Seminary are involved.

The committee had before it more  
than two dozen overtures from Pres-  
byteries from many parts of the  
country dealing with the heresy con-  
troversy. The one which attracted  
the most attention and to which  
serious consideration was given by  
the committee was that from the  
Cincinnati Presbytery which pro-  
posed that the New York Presbytery  
be expelled because it licensed three  
young men who are alleged to hold  
views at variance with the doctrines  
of the church.

The absence of debate on the re-  
port came as a great surprise to  
hundreds of commissioners. The re-  
port was read by the Rev. J. Ross  
Stevenson of Princeton, N. J., the  
former moderator, chairman of the  
committee on bills and overtures. As  
he concluded a voice moved the  
adoption of the report, another sec-  
onded and when Moderator Marquis  
put the question a resounding "aye"  
boomed out. Not a dissenting vote  
was heard.

"It is adopted," announced the  
moderator. With one accord the  
entire assembly rose and sang "Blest  
be the Tie that Binds." Prayer was  
offered thanking God for the amica-  
ble conclusion of what had threat-  
ened serious division in the church,  
and then the commissioners turned  
their attention to routine business.

### RADICAL CHANGE IN ADMINISTRATION OF METHODIST MISSIONS

[ASSOCIATED PRESS TELEGRAM]  
Saratoga Springs, N. Y., May 24.—  
A radical change in the adminis-  
trative staff of the board of home  
missions and church extension is  
provided in a plan for reorganization  
submitted to the general confer-  
ence today.

The principal change in a reduc-  
tion from three to one in the num-  
ber of secretaries who are the execu-  
tive heads of all the Methodist mis-  
sionary work in this country. The

## BUSINESS MEN'S OPINIONS NOW MORE POWERFUL

[ASSOCIATED PRESS TELEGRAM]  
Hamilton, O., May 24.—Opinions  
of business men as expressed through  
Chambers of Commerce and similar  
bodies, as well as through political  
organizations are destined to become  
a more powerful force in the United  
States than it ever has been, Myron  
T. Herrick, former ambassador to  
France, told the local Chamber of  
Commerce at a luncheon here today.

"The return to power of legiti-  
mate, healthy public opinion, the  
assumption of responsibility by the  
people themselves, are the symptoms  
of the new spirit in which we are  
looking toward the future," said Mr.  
Herrick.

"Business and government must  
to work in absolute harmony and  
understanding and in this world  
heavily it is absolutely essential that  
they do."

"It is not only right and prop-  
er, but necessary, that business men  
should have a voice in government  
and an influence in the direction  
of governmental affairs. Formerly they  
did not exert a great influence. Some  
years ago that method was  
properly abandoned. And as it was  
that connection between government  
and the business world, commerce  
stabilizing influence and it was

## EXTORTION

### CHARGED AGAINST JUSTICES OF THE PEACE IN LUCAS COUNTY

In Report Filed Today With State Auditor Donahay by State Examiners.

(Associated Press Telegram) Columbus, May 24.—Many hundreds of dollars have been extorted illegally from defendants in civil and criminal actions in the courts of justice of the peace of Adams, Oregon and Washington townships, Lucas county, state examiners declare in their report of an examination of the justice offices filed today with Auditor of State A. V. Donahay.

Distribution of court forms for the collection of accounts to collection agencies which made use of them in forcing payment of accounts by signing with the names of the justices was one of the common violations found by the examiners, the report states.

The justices kept no cash books, their dockets were not written up in accordance with law, in most instances the collecting agency representatives themselves making up the loose-leaf records. In the courts, the examiners declare.

The examination, which covers the period from December 1, 1915, to April 13, 1916, was made by Special Examiner John A. Bliss and Examiner C. E. Lippincott.

In a conference today, Governor Frank B. Willis and Auditor of State A. V. Donahay discussed ways of dovetailing the work of inspectors of various departments of the state industrial commission so as to provide a way of detecting violations of the state moving picture laws.

In a recent report of the commission filed with the auditor, suggestion was made by state examiners that inspectors be furnished to prosecute those who violate rulings of the state board of moving picture censors. Although the censors board has been a great revenue producer, the report stated requests for funds to provide the necessary inspection of picture plays exhibited in the state had been refused.

## IDENTITY

(Continued from Page 1.)

shared a "studio" in a New York hotel.

Miss Hardwick said she lived in the home of Dr. Jacob Cornell of Somerville, N. J., who testified yesterday that he called at the Waite home the day Mr. Peck died. She testified that she sent the telegram to Percy Peck after Dr. Cornell returned from the Waite apartment and that some one told her to send it. A question as to who directed her was ruled out. She was then excused.

Mrs. Clara Peck Waite in continuing her testimony said her husband went out on "calls" at all times of the day and night. The night before her father died, she said, Waite gave him an egg nog and he complained that it made him ill. Next morning her father was dead.

The district attorney holds that Mrs. Waite may testify to any material facts relating to the alleged murder of her father so long as she does not disclose a confidential communication made by her husband. Mrs. Waite has avowed her willingness to appear as a witness for the prosecution.

The identity of the person who telegraphed to Percy Peck, urging that an autopsy be held on the body of his father may be revealed today. This telegram was signed "K. Ad-

ams," but it is acknowledged that this was an assumed name. The name "K. Adams" appears on the list of witnesses but the secret of his or her identity has been carefully guarded.

Plans for the defense have not been disclosed but those who attended the trial yesterday believed they gained an inkling from the persistence with which Waite's attorney developed every bit of evidence showing that the defendant always had conducted himself as a person of refinement and breeding. An inference gained from the cross-examination was that one of the theories to support a plea of insanity would be that a man such as Waite was described could not commit the crime alleged except under the impulse of a diseased mind.

It is believed that the defendant's counsel will put him on the stand as one of the most important witnesses in support of such a contention.

## OHIO SON-IN-LAW ACCUSED OF MURDER

(Associated Press Telegram) Jefferson, O., May 24.—Testifying today in his own behalf, Felix Nyzinski, on trial here for the alleged murder of Silas F. Parker, wealthy Trumbull township farmer, told the jury that the day the aged victim was found dead in the barn, Parker's son-in-law, Clarence Rockhill, had an argument with the old man and told him to the floor with a blow from a hammer. When Rockhill hit his father-in-law, the latter dropped to the floor and did not speak again. Nyzinski testified, Rockhill lived with Parker, Nyzinski and Peter Felco were employed by Parker. They disappeared the day of the murder and were arrested in New Jersey and brought back here to be tried for the crime. Parker's wife has testified that he had \$2,000 just before the murder. No money was found on his body. Rockhill has testified that he was away from the farm on the day of the killing and found the body under a manger in the barn after a long hunt, instituted when he learned Parker was missing.

## FORD SUED FOR \$100,000 LIBEL OF NAVY LEAGUE

(Associated Press Telegram) Detroit, May 24.—Henry Ford, the manufacturer, today replied by letter to a telegram from Robert M. Thompson, President of the Navy League at Washington in which Thompson notified him that the league had commenced suit for \$100,000 against Ford. The suit alleging libel, is based upon charges which it is claimed that Mr. Ford, in his campaign against preparedness, made against the league.

Mr. Ford in his reply agrees to have his appearance as defendant in the case entered provided the Navy League will bring all of its records into court and immediately place on the witness stand "for examination, its officers and such of its contributing members as we may designate."

(Associated Press Telegram) New York, May 24.—The campaign headquarters of Elihu Root, a candidate for the Republican presidential nomination are being transferred from this city to Chicago today.

## CONTRAST

### BETWEEN ANCIENT AND MODERN RAILROAD EQUIPMENT IS SHOWN

At "Safety First" Exposition—Every Device Adopted in Recent Years Also May Be Seen.

New York, May 24.—Practically every device adopted in recent years for the safety of passengers and employees is exhibited by the Baltimore and Ohio railroad in the "Safety First" Exposition which is being held in Grand Central Palace this week.

In many particulars, the exhibit made by America's first railroad is the most unique ever seen here. Beginning with the early days when the equipment of the company was drawn by horses, tracing the development through the period when crude, diminutive locomotives and quaint, old-fashioned cars were used to haul passengers and freight, the visitor is afforded an idea of modern railroad equipment and methods of operation through working models, specimens of roadbeds, various appliances used to protect the public and employees and a comprehensive series of photographs setting forth the evolution of the management with respect to "safety first."

Among the old engines exhibited are the "Tom Thumb" of 1830, the first used on the B. & O.; the horse car "Pioneer" of 1830, and the locomotive "Arabian" of 1836. Contrasted with the old horse car is a model of the latest type of steel car in use, built to scale by C. W. Egan, general agent of the road. Safety appliances which have been provided on freight equipment, speed recorders, improved pilots now used on locomotives, automatic couplers, air brake equipment and many other appliances are included in the exhibit.

The series of photographs, uniformly framed and presenting appearance trace the history of the railroad from the early days to the present time, from the landmarks of interest and events of large significance are portrayed in the photographic exhibit. Views of Harper's Ferry, the scene of John Brown's raid; Thomas Viaduct at Relay, Md.; the first railroad bridge in the world; the memorable race between the locomotive and horse drawn train and views of the modern railroad contrast the evolution which has taken place in converting the Baltimore and Ohio from a single track to a two, three and four track system.

Views are also shown of the plans adopted by the company in an effort to improve the welfare of its employees.

New B. & O. Limited. Beginning Sunday, May 29, the Baltimore and Ohio railroad company will put on three-hour limited trains from Columbus to Cincinnati and from Cincinnati to Columbus. The trains will be equipped throughout with the latest steel coaches and parlor-dining car. The Cincinnati limited is scheduled to leave Columbus at 8:45 a. m., arriving at Cincinnati at 11:45 a. m. It will arrive at Louisville at 5:55 p. m. and at St. Louis at 8 p. m.

The "Capital Limited" will leave Cincinnati at 6 p. m., and will arrive at Columbus at 9 p. m. The trains will be daily service.

Will Take Strike Vote. Machinists, boiler-makers, blacksmiths, carmen and sheet metal workers employed in shops in Cincinnati, Hamilton and Dayton Railroad, between Cincinnati and Toledo, are considering striking to enforce their demands for an increase in wages of five cents an hour. To learn the sentiment of the men strike votes will be taken among members of the five crafts as soon as possible.

The first of the ballots were taken last night among machinists and boiler-makers employed at the Ivesdale yards.

The five crafts are members of Federation No. 20 of Shop Employees of the Cincinnati, Hamilton and Dayton railroad. P. J. Conlon, Washington, Vice President of the International Association of Machinists, said last night if a majority of the crafts favor striking the situation will be placed in the hands of the railway department of the American Federation of Labor for further action.

## MEXICAN WOMEN SHOW STOICISM; 3 MEN KILLED

Field Headquarters, May 16.—(Via Motortruck to Columbus, N. M., May 24.)—The stoicism of Mexican women was shown during the fight on Sunday at San Miguel de Rubio, when three Mexicans were killed as they attempted to shoot a detachment of ten American cavalrymen, who at the time were dismounted and riding in automobiles.

After the trio had been killed, the ranch house from which they tried to escape was searched. Three of the rooms were found locked and no one at the ranch professed to know anything about who was inside, how to unlock the doors or why they were locked. A pistol shot broke the lock of the first door. Inside were found women and children. More women, young and old, were found in the other two rooms. Not one of them made an outcry, nor showed outward indications of hysteria. One party comprised the women folk of Julio Cardenas, a Villa leader, who had been the last to die in the ranch house fight. From their window these women saw him, with his arm broken and other bullet wounds, refuse to surrender, but turn on his side and use his broken arm for a pistol rest while he continued to fire on the Americans until a bullet in the head ended his life.

## What Income Do You Get from a Vacant House?

Why let it stand idle when the rent of one or two months would equip it so you could get a good tenant? Will you wire your house if we will get you a tenant. We are having calls almost every day for desirable houses that are wired for electric comfort, convenience and economy. The woman who owns an electric iron, or a vacuum cleaner, washer, heating pad or any other electric appliance will very seldom move into a house that is not equipped so she can use them. And most women have some labor saving electrical appliance that assists her in her domestic duties, and of course she wants electricity.

## This Is An Electric Age

INSURANCE, TAXES and DEPRECIATION cost you fully as much when your house is vacant as they do when your house is rented. Will you wire if we will get you a tenant? If so, phone us.

We will give you 10 months to pay for the wiring if you desire.

## NEWARK AUTO CLUB SUGGESTS THAT FOLLOWING BE OBSERVED BY DRIVERS

The Newark Auto club kindly recommends the following suggestions not only to its members but to all drivers in the county, for courtesy in motor driving is the recognition of the rights of all others, either motorist or pedestrian; it is that and more, it is the willingness to yield certain recognized rights of your own.

First, do not hog the middle of the street, give the other fellow room to go by and when he attempts to pass you do not speed up and perhaps crowd him into a safety zone.

Keep out of the safety zones as they are for the pedestrians. It is up to you to make them safe.

When a fellow comes from a side street give him room to turn the corner, do not crowd. When you park behind another car, remember perhaps he wishes to leave before you do, give him room to get out, don't crowd. When you expect to stop or turn, do not keep your intentions secret, think of the fellow behind.

Do not dodge in and around cars in line in traffic, remember they were there first, and have just as great a desire to get through as you have.

Do not presume too much when you have the right of way. Perhaps the other fellow does not know it.

Do not cut in in front of a street car. Remember the motorman is human, and most of them will learn all the courtesy you will teach them.

When you get the "go" signal from a traffic officer remember to give the pedestrian time to get out of the way.

When you see people on the curb trying to reach a car, or vice versa, slow up, stop if necessary, but let them cross without danger. This is one of the greatest courtesies that will pay the motorman public best.

When a pedestrian does not or will not pay any attention to your horn, it is well to remember that the deaf, hundreds of them, use the streets as well as you.

## CHIEF'S WARNING FOR CIRCUS DAY; PROTECT HOUSES

"Don't leave your homes unprotected at any time Friday or Saturday evening. It's circus day." This is the warning Chief of Police James Sheridan wants heeded in an effort to prevent any thieving in the city during the stay of the circus.

Word was received here this morning by Chief Sheridan to the effect that several homes in Chillicothe had been ransacked during the visit of the circus to that city, recently, and that in one home, silverware valued at more than \$300 was stolen. It is thought an organized gang of "key workers" are following the circus and reaping rich spoils.

Chief Sheridan's advice to the citizens of Newark is that in order to prevent their homes being ransacked during their absence, the families had better double up in their watch. For instance, if the family wants to attend the show, let a part of the members go in the afternoon and the others in the evening. This, the chief points out, would leave a member to protect the home at all times.

In several towns the thieves have remained in a city for several days following the departure of a circus and then proceeded to conduct a wholesale rampage of homes. Chief Sheridan is anxious to prevent any robberies of homes during the stay of the circus and asks that the above warning be complied with.

## AGED WOMAN PASSES AWAY AT HEBRON, O.

[Special to The Advocate]  
Hebron, O., May 24.—Mrs. Rebecca Beaver, a well known pioneer resident of this vicinity, died at her home two miles northeast of Hebron at 6 o'clock this morning from the infirmities of age.

Mrs. Beaver was born east of this village on December 14, 1827, and has lived in Licking county all her life. She was the widow of the late Jacob Beaver, was a member of the Baptist faith and was highly respected by a large circle of friends and acquaintances. She is survived by eight children, four sons and four daughters, Jesse and Late Beaver of near Jersey, Mrs. Marion Neel, residing near the home, Mrs. Walter Townsend of near the home, Mrs. James Davis of Newark, Mrs. Hannah Vorse of Des Moines, Ia., but who has resided with her mother for the past two years, and Ira and Luther Beaver of the home.

Funeral services will be held at 1 o'clock Friday afternoon at the home. Burial in Licking cemetery.

## JOINT OFFENSE OF ALLIES IS NOW THE PLAN

[Associated Press Telegram]  
Rome, May 23, via Paris, May 24, 12:30 a. m.—The Austrian offensive on the Trentino front and the furious efforts of the Germans to gain a decision at Verdun are explained in a semi-official statement published here as a result of a concerted effort on the part of the Central powers to prevent an expected simultaneous attack by the allies on all fronts.

"The Central empires," says the statement, "wish to prevent, even at the cost of enormous sacrifices of men and material, the allies from taking the initiative in the war operations and attacking them simultaneously on all fronts. Such is the plan of the Central powers as revealed by the great Austrian offensive on the Trentino front while the Germans are reviving their offensive against Verdun."

The statements conclude with an assertion that the Austro-German plans must fail as all of the allies will be passing from the defensive stage to decisive, simultaneous action. This great joint offensive, it is declared, will bring about the downfall of the Teutonic powers.

Former United States Senator Harry Richardson of Delaware began his business career in the canning factory of his father, where he entered as a boy on the same equal with the other employes.

## WHAT YOUR NERVES NEED

Whatever medication, whatever renewed strength and vigor can be imparted to the nerves must reach them through the blood. Dr. Williams' Pink Pills are a nervous tonic but they act on the nerves through the blood, enabling the blood to carry to the nerves the elements needed to build them up. Neuralgia, sciatica, sick headache and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely corrected in this way.

If you are nervous you can help yourself by refusing to worry, by taking proper rest, sleep and vacations, by avoiding excesses and by taking out-door exercise. For medicine take Dr. Williams' Pink Pills, the non-alcoholic tonic.

Sufferers from nervous disorders who have been taking treatment without benefit should investigate the tonic method. Write today to the Dr. Williams Medicine Co., Schenectady, N. Y., for the booklet, "Diseases of the Nervous System." It will be sent free on request.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box, six boxes for \$2.50.

## CHANGES AT THE PARK NAT'L BANK

## HALF CENTURY IN SAME BUSINESS; KEPT UP TO DATE

Many changes have marked the commercial world during the lifetime of Mr. Charles Hempsted, who is one of the oldest photographers living today. He has witnessed the revolution of progress and especially in the art of photography.

Mr. Hempsted is in his eighty-third year, and it was just two years ago that he retired from active, every day work, taking pictures. For fifty years he has followed his chosen line of work and has resided

MR. CHARLES HEMPSTED  
(One of the oldest photographers.)

in this city for fifty-one years. He was born in New York state and came to Cleveland in 1850. In 1854 he came to Newark and was located in West Main street.

When Mr. Hempsted first entered the business the daguerreotype was the method employed. It consisted of a silver plate or a copper plate covered with silver which was rendered sensitive by washing with iodine or bromide, and was placed in the camera where the image developed, by vapor of mercury.

From this the various improvements and inventions in photography were followed by Mr. Hempsted, who always was abreast of the times. He has pictures in his possession today that are sixty years old.

The only time Mr. Hempsted has been out of Newark was for a short time when he went from city to city taking pictures, and it was with regards to then, that he said "I made the most money of at any time in my life."

There are few photographers living in the country today who are older than Mr. Hempsted, and fate has been kind to him in that his married life has been unbroken, and Mrs. Hempsted who is 80 years old resides with her husband at the home of their daughter, Mrs. William Wells in Sixteenth street. They will celebrate their fifty-ninth wedding anniversary, the latter part of July.

## FIRST ELK OUTING OF THE SEASON

Messrs. Fletcher S. Scott, James R. Cooner and Dr. H. H. Baker have completed all the arrangements for the first Elk outing of the season and which will be held tomorrow at Beach Island, Buckeye Lake.

Special cars will leave the interurban station at 9 o'clock Thursday morning for the lake and will be met by Captain Del Fisher, who will have boats ready to transport the members across the lake. A special sea food dinner will be served at 1 o'clock and hot lunch will be served immediately upon the arrival of the boats at the club house.

Clam chowder and hard shell crabs will be served at 5 o'clock in the evening and the party will leave the island shortly after. The committee has instructed the caterer to spare no expense in preparing a fine dinner and he has promised to make the effort of his life.

Dr. J. T. Lewis and Col. George Warner have charge of the water sports and have arranged for a number of contests. In all probability Captain Blondell, who is giving exhibitions at the park, will be present and entertain with special "stunts."

Those who have witnessed Captain Blondell's water carnival at Buckeye Lake pronounce him a marvel as he does things in the water that seem almost impossible even to looking a meal, eating same, enjoying an after dinner cigar, reading the papers and taking a nap.

There will be a number of athletic events and a pinochle contest which is open to all, the prize being a handsome diamond stick pin. The committee looks for a large crowd and have made all the necessary preparations for its entertainment.

## Marimba Records A Musical Novelty

THE instant, widespread success of the first Columbia marimba records proved the popularity of this novel form of musical expression. The ringing clearness of the higher notes, the deep, booming bass of the lower, the tremendous resonance of this instrument gives a new and interesting quality to even familiar music. These records are splendid reproductions of the power of marimba tone:

Pupils in St. Francis de Sales school, Granville and Pearl street, left the building Wednesday morning in 61 seconds when the fire song in the building was sounded unexpectedly. Like the public schools, the fire drill is a regular occurrence in the parochial school but the alarm this morning was sounded without any warning whatever. When it is considered that about 500 pupils are in the building, the record made this morning is exceptionally good.

ESTABLISHED IN 1920

Entered as Second Class Matter  
March 10, 1932, at the postoffice at  
Newark, Ohio, under the Act of March  
4, 1879.

Flushed with some measure of  
success in other matters. Republi-  
can state makers are now trying to  
work out a plan to unload Jack  
Arnold.

Chester E. Bryan, editor of the  
Madison County Democrat, has qual-  
ified as a candidate for Democratic  
nomination for state treasurer. His  
friends think he will have no oppo-  
sition. Mr. Bryan is one of the most  
successful publishers in the state  
and for many years has been at the  
head of the Buckeye Press associa-  
tion, active in all the state and  
national organizations. He has never  
before been a candidate. Mr. Bryan  
has many warm friends in Licking  
county.

The Hamilton County Democratic  
Central committee has formally en-  
dorsed Senator Pomerene for re-  
nomination. At the same time  
Stanley Bowdle was endorsed for  
congressional nomination. This puts  
an end to the efforts of the Glues,  
who fought Cox, to produce a can-  
didate against the Senator, whose  
official record is most satisfactory.  
Senator Pomerene has been loyal to  
Democratic principles, faithful in  
his service to the people of the  
state and nation, and firm in his  
support of the President in trying  
situations.

Declarations of candidacy for  
places on the Democratic primary  
ballot have been filed by Judge  
James H. Johnson and Judge Maur-  
ice H. Donahue, who seek re-election  
as judges of the supreme court.  
Though unopposed nomination will  
be given these candidates, their  
names will not appear on the party  
ballot in November, but on the non-  
partisan judicial ballot. Both Judge  
Johnson and Judge Donahue have  
given good service, and with the rest  
of the supreme court membership,  
make up a most satisfactory and  
worthy high tribunal. The lawyers  
who come before the court consider  
that its balance is perfect and its  
ability of the highest order.

Sudden activity on the part of  
Joseph P. Tracy as a candidate for  
Republican nomination for state ac-  
citor, following immediately on the  
heels of Fullington's withdrawal and  
the conference between Governor  
Willis and Peter Durr, throws en-  
lightenment in dark places. It may  
explain also to William S. Phipps,  
ultra-dry-Republican, why he has  
been ditched. It will be remem-  
bered that Matt Glaser, Cincinnati

## Militia On the Border.

(New York Times.)

Expectations are not disappointed  
in the reported failure of the Nation-  
al Guard of Arizona and New Mexico  
to mobilize quickly enough on the  
Mexican frontier to be of immediate  
service to General Funston. The re-  
port of the Militia Division of the  
War Department last December war-  
ranted no belief that the organized  
militia of those two states would be  
able to respond quickly to such a  
call. Arizona had only infantry last  
year, and the average attendance at  
drills was small. New Mexico had  
excellent field artillery, but the  
showing of its infantry was not much  
better than that of Arizona. It will  
take a long while for either state to  
form the units required by War De-  
partment regulations. These facts  
are important at this time because  
they indicate the enormous amount  
of hard work that must be done to  
qualify the National Guard, not only  
of these states, but of many others, to  
meet the obligations imposed upon  
them by the new military bill.

It was no mistake to call out the  
organized militia of the border  
states. On the contrary, they ought  
to be compelled to come to the  
scratch. Hereafter our national de-  
fense must depend very largely on  
the National Guard. It is not to be  
expected that the states which have  
made little or no militia develop-  
ment under the Dick law, which has  
been operative since 1903, will be  
able to meet the larger requirements  
easily or quickly. Arizona, New  
Mexico and Texas, however, will  
profit by the burden now placed upon  
them. If the organized militia of  
certain other states could be sub-  
jected to the same practical test the  
result would be beneficial to them  
and to the country. Meanwhile it is  
 folly to try to judge of the efficacy  
of the so-called federalization of the  
state troops from what we know of  
the comparative efficiency of the or-  
ganized militia in New York and  
Massachusetts.

## The American Way.

(Columbus Dispatch.)

"The most singular fact about this  
great nation," said President Wil-  
son, in his Charlotte, N. C. speech,  
"is that it is made up out of all the  
nations of the world." It was pro-  
claimed in a document which con-  
fessed at the outset, a "decent re-  
spect for the opinion of mankind,"  
and it has since maintained that re-  
spect. "Does it not interest you,"  
the president asked, "that America  
has run before the rest of the world  
in making trial of this great human  
experiment, and is it not the sign and  
dawn of a new era that the one thing  
upon which the world is about to fall  
back is the moral judgment of man-  
kind?"

Here in America some people of all  
the nations of earth have come to-  
gether and have lived at peace and in  
prosperity, while those who remained  
behind have continued in antagonism  
and have now fallen into the  
greatest war of all ages. Mixed in  
the political crucible of America the  
people of the world have prospered  
and they came to respect one another  
and be kind. Those not so mixed,  
have continued in suspicion and hate  
and have now become involved in the  
bloodiest and deadliest of all armed  
disputes. Could there be a better  
proof of the worth of the American  
system, slowly but surely working to-  
ward its perfection?

## Fresh Minds.

(Ohio State Journal.)

In a speech in parliament last  
week, Mr. Chamberlain invited the  
house to bring fresh minds to the  
consideration of the problems arising  
out of the war and to consider these  
without prejudice or the crust of  
opinion of other days. That is an ex-  
pressive term—fresh minds. How  
we all need it in these exciting days,  
when the march of events is crowd-  
ing humanity with so many new  
duties. That is what we need in  
politics, religion, education and so-  
ciety—fresh minds, minds that are  
not hardened by prejudice or per-  
verted by ancient whims. Our stand-  
points are changed and our facts are  
new, and so the essential effort needs  
a new purpose and energy. A man  
who tries to be consistent on the  
basis of his opinions twenty or thirty  
years ago is bound to go wrong. It  
is time for a new vision, a new in-  
spiration, in order to ally oneself  
with the progress that is going on.  
There are new manifestations of  
truth and every real man will want  
to be in harmony with them.

## Quaker Quips.

(Philadelphia Record.)

It's a poor rule that won't work  
any way.  
You never can tell. A man may  
have a long face because he is short.  
The wolf in sheep's clothing does  
not always masquerade as a black  
sheep.  
The next best thing to getting rid  
of our burdens is to make light of  
them.  
To realize that the right will tri-  
umph, it is necessary to be on the  
winning side.  
It isn't every man who can steer  
a straight course between the devil  
and the deep sea.  
Hunting for a needle in a haystack  
is one of the most needle-less occupa-  
tions in the world.

He wasn't first.  
—(Just kissed by him)—How  
dare you? Papa said he would kill  
the first man who kissed me.  
He—How interesting. And did  
he do it?—Judge.

## Spirit of the Press

How Some Insects Multiply.

The fecundity of certain insect  
forms is astounding. The progeny  
of one little insect, the "hopaphis,"  
sees 12 generations born to it in a  
single year, and would, if unchecked,  
to the end of the eighth genera-  
tion, multiply to the inconceivable  
number of ten sextillions of individ-  
uals. If this brood were hatched  
in line, 10 to the inch, it would ex-  
tend to a point so sunk in the pro-  
foundity of space that light from  
the head of the procession, travel-  
ing at the rate of 184,000 miles a  
second, would take 2,500 years to  
reach the earth. In eight years the  
progeny of one pair of aphids might  
could destroy all the foliage in the  
United States, if unchecked. —Popu-  
lar Science Monthly.

Louis D. Brandeis.

If the Democratic Senators at  
Washington wish to put their party  
in better trim for the coming cam-  
paign they will proceed promptly to  
make a favorable report to the  
nomination of Louis D. Brandeis to be  
Justice of the Supreme Court of the  
United States and then to confirm  
him by a substantial majority. The  
protracted delay that has taken place  
in this case constitutes a serious  
scandal. —Philadelphia Record.

Those White Boots.

Did you know, girls, that maybe  
the white boots you are wearing  
were worn once by a whale? Ten  
tons of skins of the beluga, or white  
whale, from Bering Sea, were ship-  
ped from Seattle the other day to  
shoe factories in the East. —Boston  
Globe.

A Use For the Janitor.

The Board of Education of Lou-  
isville, Ky., is considering a propos-  
al advanced by a member of the  
Louisville City Council, which would  
make the janitors of the schools  
traffic policemen during the hour  
before the schools "take up" and  
just after they are closed at the end  
of sessions. He proposes that the  
janitors take stands at crossings and  
see to it that the traffic laws are ob-  
served by motorists. Drivers and  
street cars. The janitors could be  
authorized by the Board of Public  
Safety to make arrests of violators.  
—Electric Railway Journal.

Talented Calf, This.

How a Jersey calf, 1 month old,  
shot with a revolver a tom cat  
has no place in this column except  
for the fact that the innocent by-  
stander formerly lived at Frederick-  
town. The calf-murderer lives in  
Oregon and carries a pistol. When  
he went down to the lot the other  
day to feed his stock a calf kicked  
him, the pistol was knocked from  
his pocket and discharged, the bullet  
killing a cat asleep in the barn. —

falls gloriously in love with a ship-  
ping clerk and is profoundly con-  
vinced that two can live on less than  
one real salary. —Louisville Courier

## Relief in Pulmonary Or Throat Troubles

depends largely on the sufferer's abil-  
ity to upbuild a weakened system, and  
thus hasten a return of normal body  
functions.

In this effort must depend on fresh  
air—night and day—and rest and good  
food. The patient could refrain from  
work that overtaxes, and all sanitary  
precautions should be taken. These  
components must be taken to always  
achieve the desired results unless aided  
by proper medicine.

It is here that Dr. Mann's Alternative  
has evidenced its worth, for in many  
cases it has effected lasting benefit.  
And often such troubles seem to yield  
to it.

In no case is it to be attended with  
possible harm, as it contains no  
poisonous or habit-forming drugs.

## Practical Economy

Baking powders made from alum or phosphate may be bought for a trifle less than Royal Baking Powder, which is made from cream of tartar, derived from grapes.

Alum powders are not only cheap, but they differ greatly in leavening power.

If a cheap baking powder is used for a fine cake and the cake turns out a failure there is a waste of costly materials worth more than a whole can of the cheap baking powder.

Royal Baking Powder produces the finest food, and its use therefore, results in an actual saving.

## SENATE WANTS INFORMATION OF SECRETARY

(ASSOCIATED PRESS TELEGRAM)

Washington, May 24.—The senate committee on foreign relations recommended today a favorable report on Senator Kern's resolution directing the secretary of state to inquire regarding the safety of American citizens in Ireland in districts where martial law has been proclaimed.

The resolution requests the secretary of state to inquire through consular representatives as to the safety and wellbeing of American citizens in Ireland and to take necessary steps to safeguard and protect their lives and property.

A resolution by Senator Hitchcock of Nebraska requesting the secretary of state to inform the senate as to the attitude of the British government concerning shipment of supplies to the people of Poland was recommended for passage today by the foreign relations committee.

The resolution asks whether Great Britain would allow supplies to be sent from the United States to Poland through neutral ports.

Senator Hitchcock plans to ask a Polish relief appropriation of \$2,000,000 if the way can be cleared for undertaking the work.

## Cleaning Up Would Destroy Mosquitoes' Breeding Places

"SWAT THE FLY" has long been a rallying cry among the workers for better sanitation, purer hygiene and cleaner streets, but its position as a slogan is threatened by a new cry of "Slam the mosquito!"

A bulletin issued by the Philadelphia board of health deals with the mosquito question and tells how to make the clean up campaign minimize, if not eliminate, the dangers inseparable from the presence of mosquitoes in numbers.

It lays stress on the importance of killing as many as possible of the mosquitoes in the early spring, because "every mosquito killed now will mean thousands less in the summer."

"By far the best way to deal with mosquitoes," says the bulletin, "is to destroy their breeding places. As soon as the warm weather comes the female mosquitoes, which are the only ones which survive the winter, will emerge from their winter quarters in our cellars, vaults and other damp, dark places to seek food and to hunt a place to lay their eggs. The breeding mosquito must find standing water in which to deposit her eggs. If she fails in this she soon dies, without offspring. Therefore no stagnant water, no breeding places for mosquitoes; no breeding places, no mosquitoes."

"People do not realize that any puddle of water, no matter how small nor how foul, is an acceptable breeding place for mosquitoes. Where it is necessary to have water standing in tanks, barrels or other such receptacles, keep them tightly covered with fine wire screens. Keep cesspool covers perfectly tight and the vents tightly screened. "Where drainage of pools is not possible or covering of receptacles is not practicable all standing water should be covered with a film of kerosene oil, which prevents mosquitoes from breeding in it. One ounce of oil is sufficient to cover fifteen square feet of water. The oil should be renewed once a week during the mosquito breeding season."

The bulletin admonishes all householders and residents to take full advantage of clean up time, so that neighborhoods and individual premises may be made "mosquito proof, fly proof and disease proof."

### Milady's Boudoir

Choosing Summer Colors. For summer, white is the color pre-eminent, not only because it is cool to look at, but also because it repulse the heat rays while real colors absorb them.

In using touches of color with your white gowns, be careful to avoid "hot colors" to select pastel shades. An exception to this is a rather vivid green, but this should not be worn unless you have a clear complexion and a good deal of color.

It is always well to wear your gowns with discrimination of color. Study yourself. You will soon discover that on the days when your cheeks show a becoming tinge of color certain ones of your gowns are most pleasing in effect, and that when you are somewhat fatigued and colorless, others give you an interesting appearance, rather than the washed-out drabbed aspect which perhaps that very smartest gown of all produces.

If you discover that one of your prettiest gowns has ceased to be becoming because of a newly developed tendency to sallowness, watch your diet and exercise carefully. Sometimes we are apt to blame a gown for our not looking well, when it is really our own fault.

Sometimes occasion demands that you must wear a certain gown requiring color in the cheeks. A good twenty or thirty minutes' of facial massage ending with vigorous percussion of the cheeks with the out of the fingers will nine times out of ten produce the desired results. Spatting the cheeks with aromatic bath vinegar is also effective.

### Our Boys and Girls

Avoid from babyhood giving children "tastes" of all kinds of foods suitable only for "grown-ups." Exclude from their diet coffee and tea, for they will learn to depend on the stimulants rather than foods. Use milk in which cocoa shells or nibs have been boiled for flavor.

Exclude from children's diets made-over dishes that are combined with much fat, also rich sauce, pastry, and fritters—in fact, fried foods of any kind.

A certain amount of fat is good, but is best in form of olive oil, cream, top milk, crisp bacon and butter. Heating fat and cooking it with other foods makes it much harder to digest.

### Everyday Etiquette

"When attending a luncheon or dinner where place cards are used, should one leave them upon the table or keep them as souvenirs?" asked Jane.

"Place cards should be retained, because the hostess has had them prepared in expectation of their being kept as souvenirs. Ignoring them would show disrespect," said her mother.

## Mrs. Shrewd Shopper's Confessions.

No. 9.

I CAME across a rather interesting news item the other day. It was about a little old woman in Philadelphia who had never been inside a modern department store, never rode in an automobile or in the subway of her home town and had never heard of wireless telegraphy.

IF THIS OLD LADY SHOULD STEP INTO ONE OF THE DEPARTMENT STORES IN HER HOME CITY OR IN ONE OF OUR OWN FINE ESTABLISHMENTS SHE WOULD BE AS MUCH ASTOUNDED AS SHE UNDOUBTEDLY WAS AT THE SIGHT OF HER FIRST AUTO.

Instead of musty smelling, dimly lighted, unattractive rooms, with all sorts of merchandise heaped indiscriminately about, we have big, cheerful, airy and brilliantly lighted stores to stroll through, which is a pleasure in itself. And each line of goods is attractively displayed in a special section of its own where you pick and choose at your leisure.

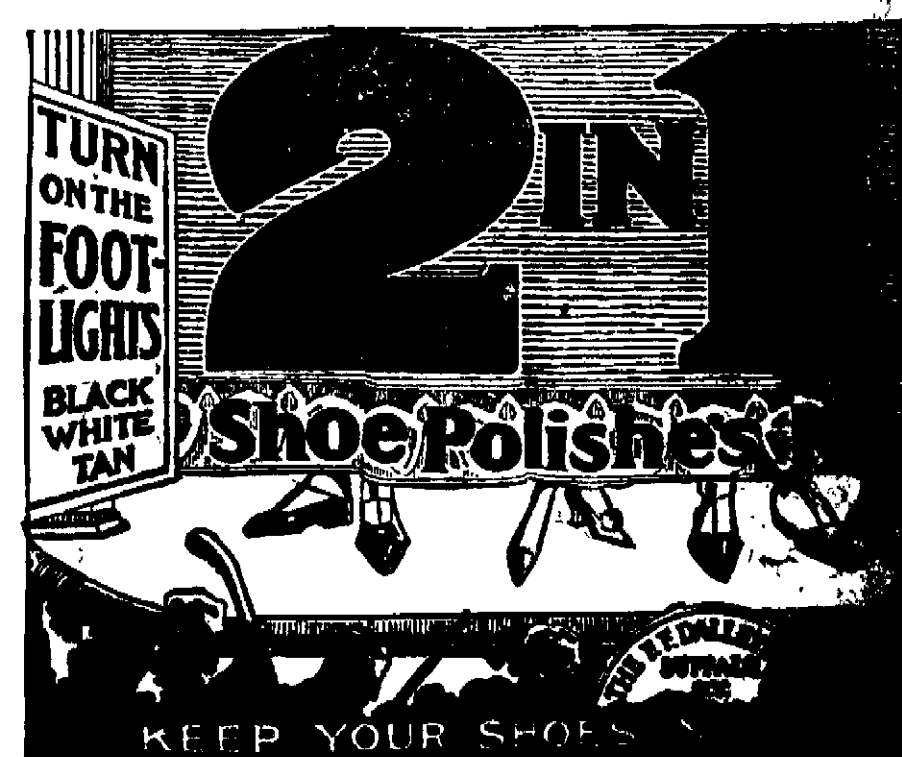

INSTEAD OF CONSTANT HAGGLING OVER PRICES BETWEEN MERCHANT AND BUYER, EVERYTHING IS STRICTLY ONE PRICE, AND EVEN A CHILD CAN SHOP WITHOUT FEAR OF BEING OVERCHARGED.

Now when you buy anything and it does not prove satisfactory you can return it and either have it exchanged for other goods or get your money back.

Now we have elevators to save climbing; we have free deliveries of merchandise to our homes; we have "rest rooms" where we can take our ease in quiet after the fatigue of shopping and many other conveniences and comforts which our mothers never dreamed of.

AND THE END IS NOT YET. THE BRIGHTEST MINDS IN THE COUNTRY ARE CONSTANTLY PLANNING INNOVATIONS AND IMPROVEMENTS TO MAKE YOUR SHOPPING AS PLEASANT AND COMFORTABLE AND PROFITABLE AS POSSIBLE.

New York, May 24.—Today's early market operations showed a further reactionary trend, particularly in those issues which recently displayed greatest strength. Leading recorded and initial decline of 1 1/2 points at 10:30, subsequently going lower. Most other active rails were slightly lower with the exception of New York Central, United States Steel and Erie, which were up. Steel made a small fraction advance with gains of a point or more for Crucible Steel, General Electric, Baldwin Locomotive and Continental Can. Motors were again prominent at gains of 2 to 3 points. Profit-taking and short selling combined to direct prices before the end of the first half hour.  
Reading was the center of concerted attacks during the forenoon, falling to 104 1/2, a decline of 4 points from its record price, made only the day before. Other rails, Rock Island excepted, though in more limited degree, were specialties of various descriptions, especially oils, motors and equipments, were variably higher. Chandler Motors rose 1/2, to the new high record of 15, with gains of 1 to 3 points in Mexicans and some of the munitions. These advances were largely surrendered in the continuous riddling sales before noon. Bonds were firm. Reading developed fresh weakness in the final hour, with further declines in other rails, while specialties yielded much of their advantage. The closing was heavy.  
Continuous selling of rails, with counter movements in some of the more prominent industrial and equipment, marked today's trading in professional operations.

The case of the State of Ohio vs. Ida Griffith and also the state of Ohio vs. Edith Day is being heard in Justice Fletcher S. Scott's court this afternoon. The two cases being heard as one.

Mrs. Griffith swore to an affidavit against Mrs. Day, charging her with assault and the latter retaliated by filing a warrant against the former on the same charge.

According to the testimony the trouble grew out of the fact that Mrs. Griffith was a tenant on the Day farm and Mrs. Day called at her home and claimed that a proper accounting had not been made. Trouble followed and it is alleged that Mrs. Day threw a brick, striking Mrs. Griffith in the back. Mrs. Day then alleges that the former assaulted her.

It contains space for inventory of contents of the home, valuable in case of fire; space for account with bank; list of accounts owing and accounts due; insurance in force; cash received; cash paid out; cost of cattle; cattle, hogs and sheep and horses; breeding record; record of farm products; milk, butter and cream record; poultry record; farm labor record; household expenses; inventory of buildings, machinery and equipment, etc. There are valuable hints on seed testing, household hints and other valuable information.

**AMERICAN LAD CAUGHT DURING IRISH REVOLT**

(Associated Press Telegram)  
London, May 24, 5:10 p. m.—It is alleged by the British authorities that John J. Kilgallon, of Far Rockaway, N. Y., a seventeen-year-old student at St. Edna's college, Dublin, who was arrested the day the revolution started, was caught with others in the cat of bearing arms during the revolt. The time of Kilgallon's trial and the exact nature of the charges were not revealed. He is now a prisoner at Stafford, England. The American embassy has been very active trying to get at the facts.

According to friends of Kilgallon he had no part in the revolt, but was one of a party of St. Edna cadets sent out on Easter Monday for a practice march which ended at Liberty Hall, the fighting starting about the time the boys reached there.

## THE JOY OF MOTHERHOOD

Words of Encouragement to Childless Women.

Motherhood is woman's natural destiny, but many women are denied the happiness of children simply because of some curable derangement.

Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is its marvelous power to overcome such derangements, as evidenced by the following letter:

Worcester, Mass.—"I suffered from female ills, and was advised to have an operation, but a friend who had taken Lydia E. Pinkham's Vegetable Compound and who has six children, told me to try it. It has helped me so much that I am now well and have a baby who is the picture of health, and I thank the Vegetable Compound for my restoration to health."

—Mrs. BERT GARVAY, 20 Hacker St., Worcester, Mass.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

## IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly removes bladder trouble.

## Y. M. C. A.

WILL MAKE APPEAL FOR MONEY WITH WHICH TO CARRY ON WORK.

Campaign Soon to Be Opened, and It Is Hoped the Public's Response Will Be Generous.

In happy contrast to the outflow of bitter hatred, the lust for blood, and the bestial atrocities of the war zone, comes the evidences of God's law of compensation at work in our own land of peace and plenty: of Christ's love manifesting in the hearts of men in gifts of great moment for the making, remaking and saving of men. That the spirit of giving is abroad in our land, is manifest in many avenues of service, but in none more markedly than in the pronounced benevolence extended to that branch of Christ's ministry specialized to meet the needs and handicaps of men and boys—THE YOUNG MEN'S CHRISTIAN ASSOCIATION.

From a digest of work accomplished during the past year, the following facts and figures are taken: Forty-one Y. M. C. A. buildings in course of erection or assured and provided for by funds aggregating \$14,828,516. The cost of construction running all the way from \$1,300,000 for the Men's Hotel in Chicago, to \$6,000 for a plant in a Connecticut village.

Special funds secured for debt, equipment, etc., ranging from \$75,138 in Seattle, downward; Camps and Parks secured for Y. M. C. A. summer work at a cost of more than \$40,000. Americans have also contributed through the International Committee \$935,128 towards the cost of 13 men's buildings in foreign lands; they have given endowments to plants in our own towns and cities to the amount of \$1,046,000 and special bequests have been made to other Associations aggregating \$485,207.

These gifts were all made in one year, with the multiplying impulse of goodwill behind them—that powerful impetus that always propels the gift to sufficiency—because it is promised by Christ's love in the heart—by love of man for his fellowman which makes him desire to remove the handicap from his brother's progress.

We have announced a campaign for money with which the pressure and handicap of debt is to be removed from the local Y. M. C. A. but we do not want it to be listed with cold facts, cold dollars, and lukewarm sentiment; its mission really is to obtain a harvest that is golden because it is freighted with the gold of the heart, with loving interest of man for his brother.

We make our appeal to the benevolent public, because the Y. M. C. A. is dedicated to Christian service in behalf of the men and boys of Newark and the wayfaring stranger within our gates. The Y. M. C. A. is acknowledged in all lands and climes to be first aid and right hand to the church, which it serves irrespective of sect or denomination. We ask the New Chamber of Commerce with the broad outlook and splendid vision, to take cognizance of our corporal needs in view of the spiritual asset our work affords the city—the Association is a friendly mill, whose every grist makes for good citizenship. We invoke parental love and consideration for our needs, and ask that the line of demarcation between "mine" and "thine" be extended to embrace "Our Boys," that they and the Association which fosters them may come into closer contact with the love and protection of the parenthood of the City.

The courtesy and generosity of the press has enabled us to arrange for publicity through which we hope to set forth briefly the scope and magnitude of work accomplished at home and abroad and we invite careful perusal of this publicity 'as it appears daily in these columns. We want the public to know something of our work in the army; in the navy; among sailors, afloat, and ashore; in prisons, camps, and mines; under Red Cross flag; behind the barbed wire of prison camps; of work among our red brothers of the West; our colored brothers everywhere; our yellow brothers of China and Japan; of our success in difficult east-ridden India, and of influence for good and the results obtained in our own local Association.

The Spirit of Giving so in evidence abroad, is resident at home and needs only to be aroused by the Spirit of Service, to men and boys.

In asking for a generous public to remove our burden—we are really asking for a wider field of service, a broader sphere of usefulness. We ask with the confidence born of faith in the mission of the Y. M. C. A., upon the simple creed of Christ's ministry to men, and we ask it "IN HIS NAME."

## RESTORATION OF SERBIA, ALLIES' PEACE CONDITION

(ASSOCIATED PRESS TELEGRAM) Athens, May 22.—Via London, May 24.—(Delayed)—Prince Alexander of Serbia, regent of King Peter's landless kingdom, in an interview today with a representative of the Associated Press said that he had assurance from all the allies that no settlement of the war would be accepted which did not provide for the restoration of Serbia.

"The Serbian army is completely restored," continued the prince to a representative of the Associated Press. "and ask nothing better than to come to grips with the invaders of their native land. Strong in the friendship of our great allies we place our trust in God and are confident that we shall enter our fatherland in triumph and free our brothers from the yoke of the oppressors."

McPherson Was Beloved by His Men and Idolized by His Officers.

AMONG the men whose names are cherished by Union veterans and who are recalled to mind in loving remembrance every Memorial day few stand higher than General James B. McPherson, who was killed near Atlanta in 1864.

Some years ago the late General Andrew Hickenlooper of Cincinnati gave some interesting reminiscences of General McPherson. He said:

"I was chief engineer of McPherson's corps at Vicksburg and saw much of both McPherson and Grant during the siege. I have seen many army officers, but never one like McPherson. There never was anybody like him. Young, handsome and full of enthusiasm, he was the idol of his soldiers. 'You never saw anything like it at his headquarters. He seemed a brother or a stumpy, good comrade to his officers. He was one of ourselves. 'I cannot describe to you the feeling we had for him. It was something more than the strongest friendship between man and man.'"

The general paused a moment and dropped his head. Memory was busy

"GENERAL McPHERSON CALLED ME."

weaving in his brain the images of many years ago. Looking up presently, he spoke again:

"One thing happened that I shall always be sorry for. It is the only thing in the years I knew General McPherson that I have to regret. I had been out all day hard at work in the line of my duties. I came in late to headquarters and felt as though I was too tired to move."

"I thought I would go to bed early. I did so, drawing my blankets up around me. But I had no more than touched the ground and got quiet when General McPherson called me: 'Oh, Hick?'"

"Now, I heard him, and I'm ashamed to remember it, but for the only time in my life I didn't answer. I lay quite still. There were others about the quarters who had been doing nothing that day. 'Let the general call one of them,' I thought to myself."

"Perceiving I did not answer, General Strong spoke up for me and said: 'Hick has been out all day and is just in. I suppose he's asleep.' 'Oh, yes,' said General McPherson. 'I suppose he is. He must be tired poor fellow! I didn't think of that!'"

"Then the general called some other officer and sent him on the errand. And I lay still, and McPherson never knew but I was asleep. But I was ashamed of it next day, and I have been so ever since. I might have answered him, might have gone out into the night again, tired as I was."

"McPherson was killed not long after that, and I shall always carry with me the regretful recollection that once he called me and I did not answer."

There isn't much hot air about a job in a cold storage warehouse.

## SENSATION

PROMISED IN INVESTIGATION OF "WIRE TAPPING" BY NEW YORK POLICE.

Mayor Mitchell, Himself a Catholic, Charges Conspiracy of Clergy-men of that Denomination.

(ASSOCIATED PRESS TELEGRAM) New York, May 24.—The telephone wire tapping investigation today developed in two distinct directions. One involved the use of this method to obtain information regarding the activities of Seymour & Seymour, attorneys said to be interested in war munition contracts. The other had to do with the "covering" of private telephone wires by the police to gain evidence regarding the conduct of certain Catholic charitable institutions.

In the Seymour case District Attorney Swann promised indictments as the result of a John Doe investigation today before Chief Magistrate McAdoo. If the outcome of this inquiry justified further search, he said, he would take up the whole question of the right of the police to tap wires and look into all the 350 cases in which the police have "listened in" on private telephone conversations since January 1, 1915. The investigation before the

Thompson legislative committee promised further sensations today if Mayor Mitchell carried out his threat to reveal records of approximately 100 conversations taken down by the police over a tapped wire. The mayor at a stormy session of this committee yesterday made a statement for the present, he said, of justifying the methods of the police. He charged that certain clergymen of the Catholic church, of which he himself is a communicant, had formed a conspiracy to interfere with the city government and obstruct the administration of the law in relation to the conduct of Catholic charitable institutions.

A statement published today by Monsignor John J. Quinn, chancellor of the Catholic archdiocese of New York, answers the mayor's attack, denies his charges and asserts that "the mayor has been hand in glove with the interests that threaten the existence of child-caring institutions Protestant, Catholic, and Jewish."

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authorities—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N.Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which he finds is thirty-seven times more powerful than lilia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism go to your best druggist and ask for a 50-cent box of "Ananie" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies to-day—as well as Doctor Pierce's Pleasant Pellets for the liver and bowels. You can get a sample of any one of these remedies by writing Dr. Pierce.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny, sugar-coated Pellet a Day. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known Local Druggist Says Everybody is Using Old-time Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

YOUNG AND BEAUTIFUL MME. BARTIK

Mme. Bartik  
Who, as the lovely queen, plays one of the principal roles in the mammoth production of "Cinderella" with Ringling Brothers' Circus, May 26.

FAIRYLAND WILL COME TO NEWARK WITH RINGLINGS

Fairyland's hosts are coming to Newark next Friday. The lovely and abused Cinderella, her fairy godmother, the gnomes that are said to grow from out the trunks of trees, the coach which as every child knows was made from a big, round pumpkin; and all the people who live in the far-away kingdom of make-believe, have sent a little bird to whisper that they will all be here.

For the little lady of the glass slipper has, for the first time in history, contracted to appear with a circus. Of course she could not come out of the Never-Never land all alone so all the fairies, Prince Charming, the good king and queen and all the royal subjects are travelling with her.

Cinderella is the name of the big spectacle which is this season's feature with the Ringling Brothers' circus. It is said to be the finest and greatest production the famous showmen have ever staged. All told there are 1350 actors in the cast, a fairy band of 300 dancing girls with just the kind of wings that are pictured in the story books; a score of court jesters and hundreds of beautiful horses. The stage on which the gigantic pantomime is enacted is the largest in the world. It is fitted with electrical and mechanical devices that produce lighting and transformation effects never before attempted in circusdom.

The spectacle tells the best known version of Cinderella in its entirety. There are scenes in the home of the abused heroine where the fairy godmother changes her into the most beautiful lady in the land, gorgeous settings picturing the great palace ball room with its minutiae and courtly fetes and in which, as the clock strikes 12, "Cinderella" dashes down the grand staircase leaving one of her glass slippers in her flight. The spectator sees the leaving of vast processions as the "flower of the kingdom" make their pilgrimage to the royal palace in the hope of being able to wear the slipper, and witnesses the triumph of "Cinderella" and her betrothal to the happy prince. It is said the costumes are of a gorgeousness never before approached in a spectacle and that the trappings and scores of professional vehicles of a richness in keeping with the fairyland subject. The pantomime is part of the main tent program and will be followed afternoon and night by two hours of circus acts when Ringling Brothers exhibit here.

**Ten Stenographers In Garford Plant Quit; Ask More Pay**

Elyria, O., May 21.—Ten of the oldest and most efficient stenographers, including Miss Mayme Easton, chief of the stenographic department at the Garford Manufacturing Company, manufacturers of telephone and electrical supplies, and vauaphones, are out on strike. The girls are demanding better working conditions and an increase in wages. Leaders of the strikers intimated that the other 37 stenographers would join within the next few days. The girls say they have been unable to get a hearing since walking out. The one time a woman can strike a match is when she wants to match a ribbon.

TERRIFIC

FIGHTING ABOUT VERDUN CONTINUES WITH UNEXAMPLED VIOLENCE.

German Driven to Desperation Are Hurling Attack After Attack Against Ft. Douaumont.

(Associated Press Telegram)  
Paris, May 24.—The battle around Verdun continues to rage with a violence unexampled even in this vicinity. The Germans are restraining every resource in their power to capture Hill No. 304 and Dead Man Hill on the left bank of the Meuse, and to win back the famous Fort Douaumont on the right bank which was wrested from them by General Nivelle's brilliantly planned and executed offensive.

Without full possession of the line from Pepper Hill to Vaux fort, the Germans cannot hope to get any nearer to the capture of Verdun. Even if they succeed in taking this line they could not hold it unless they were also in possession of Hill No. 304 and Dead Man Hill, which outflank the line.

Driven to desperation by seeing so much of its work undone, the German command has hurled attack after attack against Fort Douaumont. At the same time it has kept up its onslaught on the left bank of the river to prevent the French transferring any forces to the main zone of attack.

All day yesterday the tide of war ebbed and flowed, inches of ground being won and lost at an appalling cost in men. Again and again after reducing trenches to a crumbling heap of ruins by a deluge of shells, the German infantry dashed forward only to be caught and swept away by a hurricane of curtain fire from the French batteries and machine guns.

ITALIANS DENY AUSTRIAN REPORT

Rome, Via Paris, May 23, 11:55 p. m.—The Austrian statement that the Italians surrendered trenches east of Selz is denied in an official bulletin issued today. The bulletin says that the Italians voluntarily abandoned fifty yards of the line of trenches in this vicinity but continue to hold three hundred yards of trenches which they took away from the enemy.

## The Creamlike CRISCO

For Fryng-For Shortening  
For Cake Making

It scarcely would be possible to imagine more ideal conditions of manufacture than those existing in the spotless Crisco factory. Human hands do not come in contact with Crisco from the time the oil is subjected to the process, until you open the attractive can in your own kitchen.

Crisco is unlike any other food product. Never has it been possible, before the discovery of the Crisco Process, to produce a solid fat from a vegetable oil without adding a stiffening agent. Nothing is added to Crisco. It is all vegetable, all pure, all digestible. It is the best or solid cream of the oil.

Crisco does more for cooking than any other fat known. The beneficial result of Crisco foods upon the digestion is as great in importance as the fact that they are more delicious.

Crisco is now used chiefly in those thousands of homes where men and women are most alert to the improvement of cooking methods and family digestion. They use Crisco for frying, for shortening, for cake making.

Make some simple test of Crisco. Then you will take pride in finding other ways of employing this product, which makes better foods—foods that are better for you.

## PLUNDER

OF MEXICAN POPULATION BY  
CARRANZA PARTISANS IN  
GOVERNMENT'S NAME.

Reported that Villa Also Takes  
From People What He Needs  
But Is Discriminating.

(Associated Press Telegram)  
Field Headquarters, May 17.—  
(Via Motortruck to Columbus, N. M., May 24.)—A marked difference between Villa strongholds and other towns in southern Chihuahua was reported today by officers who have made the campaigns close on the bandit's trail.

In the solid Villa districts there were evidences of prosperity. The people there declared that Villa protected them, taking what he needed from them with a sense of discrimination. The towns of mixed politics, peopled by both Villa and Carranza partisans, were all on the verge of misery. The Villa adherents in such places reported that the bandit chief was in the habit of protecting them but of plundering the Carranza sympathizers.

They complained that Carranza commands plundered both Villa and Carranza communities without discrimination—always taking care however to announce that they were seizing property "in the name of the government." Carranza sympathizers themselves complained that petty officers exercise altogether too wide

a latitude in securing supplies on the promises of the government to repay.

At the small town of Cienegas near Satevo an Associated Press correspondent saw one of these torays by a small Carranza command. The town was well stripped. Afterward an old Mexican complained to some American troops who were passing, asking them for protection and exclaiming:

"Villa takes what I have to eat. But these people have taken all have to eat, and my donkey besides, and even took my manta (Mexican hair rope lasso.) They left me no tools."

Outside of this territory of best doubtful allegiance to the Carranza government there have not been complaints of harsh treatment by Carranza soldiers.

## IMPRESSIVE

SOCIAL FUNCTION ATTENDED BY  
SOME TWO HUNDRED DIS-  
TINGUISHED WOMEN.

Ohio's Candidate for Federation  
President Invited, California's  
Was Not a Guest.

(Associated Press Telegram)  
New York, May 24.—One of the most impressive social events accompanying the biennial convention of the General Federation of Women's clubs is a luncheon given today by Mrs. John Hays Hammond. Some 200 guests at this affair include wives of cabinet ministers and foreign ambassadors and other distinguished women.

The fact that the name of Mrs. Josiah Evans Cowles, California's candidate for the presidency of the federation, does not appear on the list of guests, while Mrs. Samuel B. Sneath of Tiffin, Ohio, the opposition candidate, was invited, caused much comment in women's club circles. The situation was explained by Mrs. William Grant Brown, chairman of the local biennial board, who said that no slight to Mrs. Cowles was intended or given. Mrs. Sneath, she said, was first vice-president of the federation while her rival was not an officer nor a member of the board of the general federation or of the local biennial board in whose honor the luncheon was given.

Miss Margaret Wilson, daughter of the president, will be the guest of honor at the first formal session of the convention this evening.

## WOMAN BEHEADED FOR THE MURDER OF HER FAMILY

(Associated Press Telegram)  
Berlin, May 23, Via London May 24.—Henriette Holstein, the widow of a Königsburg farmer, was executed today for the triple murder of her husband, daughter and stepson by poison. The execution was performed in the traditional manner by a headman with a broad axe. Two Berlin women of the underworld, who were recently convicted of the murder and robbery of a third woman are in jail awaiting the infliction of the death penalty by beheading.

## TOLEDO PLANS PUBLIC FORUM

(Associated Press Telegram)  
Toledo, May 24.—A call was issued Tuesday for a public meeting tomorrow evening to organize a public forum. Business men, politicians and club women have signed the call which says that the forum meetings which will be held weekly, will be in the nature of the old church New England town meetings with the idea of bringing together all the interests of the city for free discussion of public questions.

## The World War a Year Ago Today—May 24.

The king of Italy denounced the treaty of alliance with the Teutonic powers. Italy and Austria began hostilities on sea and land. Austrian airships bombarded Venice and other coast cities. Italian troops invaded Austria. The arsenal at Venice was a target for Austrian bombs.

Norwegian steamer Minerva sunk by German submarine; Russian battleship Panteleimon reported sunk in Black sea; 1,400 lost.

The combined Austro-German armies under General von Mackensen started on a new drive from San river southward after a check at the water barrier lasting several days. The new direct objective was the fortress of Przemyśl, held by its Russian captors since March 22, when it surrendered after an eight months' siege.

## BILL TO RECOVER LAND GRANTED TO A RAILROAD CO.

(Associated Press Telegram)  
Washington, May 24.—A bill to recover title to 3,200,000 acres of land worth more than \$30,000,000 granted to the Oregon and California railroad by the federal government fifty years ago, was brought up in the house today. The measure would authorize suit against the railroad for recovery of funds received from the sale of 800,000 acres of land at more than \$2.50 an acre, contrary to provisions of the original grant.

Speedy action was urged on the ground that an injunction against disposition of the land issued last December 9 by the supreme court of the United States expires June 9. The measure is of special interest to 16,000 persons to whom agents sold the land fraudulently and who were deprived of their rights by the supreme court decision.

## LOSES POSITION; "COURTESY" DUE TO GALLINGER

Washington, May 24.—George Rublee was still in office today as member of the federal trade commission despite the senate's refusal yesterday to reconsider its former rejection of his nomination. He probably will continue to serve as a recess appointee of President Wilson, although he can draw no pay either for his past fifteen months services or for the future.

Rejection was based on senatorial courtesy, Mr. Rublee having been personally objectionable to Senator Gallinger, Republican leader. The vote was a tie, 38 to 38, on a motion to reconsider.

(Associated Press Telegram)  
New York, May 24.—The president and Mrs. Wilson left Washington this morning to attend the wedding here this afternoon of Miss Alice Gertrude Gordon and Past Assistant Surgeon Cary T. Grayson, U. S. N., the White House physician. Miss Gordon is a daughter of the late Mr. and Mrs. James G. Gordon of Washington, D. C., and a niece of Mrs. Henry Wood Flournoy, of New York. The ceremony is to be performed at four o'clock in the chapel of St. George's church by the Rev. William J. Cox of Philadelphia. The bride will be given away by her cousin, Patrick W. Flournoy, of Charleston, W. Va.

## DID GEORGE FIND LUMP IN MATTRESS? STARTS BED PROBE

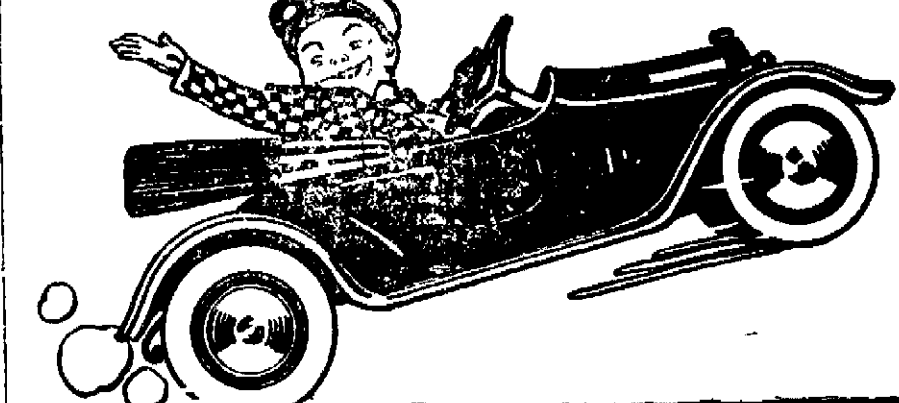

Columbus, May 24.—Extensive investigation of reported violations of the mattress law, passed in 1911, has been undertaken by George H. Hamilton, chief state inspector of workshops and factories. Mr. Hamilton says that mattresses have been made in Ohio and more shipped into the state which consisted merely of old worn-out and unsanitary filling, stuffed into new covers. The law prescribes a standard of quality for mattress filling.

## JUMPED FROM TRENTLE SERIOUSLY INJURED; WAS AVOIDING TRAIN.

(Associated Press Telegram)  
Cleveland, May 24.—Malcolm Henderson, 37, is in a critical condition in a local hospital as a result of breaking his legs and sustaining serious internal injuries when he jumped from a railroad trestle early this morning to avoid being run down by a fast train.

United States Senator Gore of Oklahoma was only 8 years of age when he met with an accident that resulted in the loss of his eyesight.

## "New Post Toasties"

## From House To House The Good News Spreads

Many housewives have found a happy solution of the breakfast problem in New Post Toasties.

These new corn flakes are distinctive in that they bear a self-developed flavor all their own—the delicate, fascinating flavor of choice, white Indian corn. Unlike other flakes, they do not depend on cream and sugar to make them palatable.

Try a handful without cream and sugar—note the fine flavor and new form; also the tiny "bubbles" on each flake. These bubbles are a distinguishing characteristic and are produced by the quick, intense heat of the new process of making, which also brings out the wonderful flavor.

Although the New Post Toasties are a great improvement in flavor and form, they cost no more than ordinary flakes. Have a package delivered for tomorrow's breakfast.

## DRIVING CLUB HOLDS BANQUET AND ELECTION

Members of the Newark Driving Association enjoyed a splendid luncheon at their annual meeting at Assembly hall last evening, an election of officers also taking place.

Horsemen began gathering from various sections of the county and before the hour set for the meeting—8 o'clock—hundreds of guests were seated with an enthusiastic crowd of lovers of good horse-flesh.

The meeting was called to order by President Ora Warrington and after a brief introductory address, Secretary Fred Kirkpatrick read the minutes of the last meeting which were approved.

After which his annual report as secretary-treasurer was read, showing the society to have a large membership and to be in a flourishing condition with a comfortable balance in the treasury.

Secretary Kirkpatrick then read a list of those members who had contributed prizes for the racing matinees, and a vote of thanks was extended them and ordered placed upon the records.

The newspaper of the city was also highly commended for assisting in boosting the organization and the matinee races.

The election of officers then took place with the following result, all being unanimously chosen:

President—Ora Warrington.  
Vice President—Ben B. Jones.  
Secretary—Fred Kirkpatrick.

The three gentlemen served during the past year and all made neat speeches of acceptance, thanking the members for the honor bestowed upon them.

President Warrington named J. M. Lake, Calvin Pence and John Oxley as members of this year's executive committee.

Wilfred Jones, J. C. Rector and Val C. Keller were named as members of the racing committee, and it was decided to hold the first matinee at Moundbuilders Park on Decoration day.

The racing matinees will continue to be held throughout the summer, the second matinee to take place Thursday afternoon, June 8, and every Thursday afternoon thereafter until further notice.

All were then invited to participate in the buffet luncheon which had been arranged by Wm. Grey and assistants. It consisted of many good things, the caterer furnishing a variety so that everyone might be pleased. It was heartily enjoyed by all present, and Mr. Grey was highly complimented for the fine spread.

A social hour followed after cigars had been passed. President Warrington acting as toastmaster. He interspersed the introduction of the various speakers with witty anecdotes and kept things moving along at a lively rate.

The following gentlemen responded, their talks dealing mainly with the sport derived from the successful operation of the matinee club: Ben "Pop" Goyes, Jones, Secretary Fred Kirkpatrick, Fletcher S. Scott, who introduced the famous fish story; J. L. Leake, Harry Burkhead of Garfield, Ed Hammond of the same place, Desso Colville, Nelson Vanatta, M. J. Reese, H. H. Scott and H. D. Hale.

Jones next related several interesting anecdotes and the meeting adjourned after all had pledged themselves to get out and boost for the driving clubs matinees.

The Newark Driving club was organized several years ago by men who are interested in raising good, classy horses, and its membership extends over the entire county. The club promotes matinees throughout the summer at Moundbuilders Park, and there is much rivalry in the entries of the difficult classes. No admission is charged and the sport is clean and wholesome. It is a pleasant place to while away an afternoon and the races are taken advantage of by hundreds of spectators every afternoon a matinee is given.

The club invites everyone in the county to be their guests at any of the matinees which will be given this summer.

## \$1000 PURSES TO BE GIVEN AT THE FAIR

A splendid racing program has been prepared for the Licking County Fair, which will be held September 26 to 29. It includes four special stake purses of \$1,000 each, one for each day of the fair. One of these purses is guaranteed by the Agricultural Society, another by Messrs. Chas. Dean, W. C. Kuster, Emmett McDaniel and James Fitzsimmons, the third by the Consumers Brewing company, and the fourth by a number of citizens who wish to see the fair made a success.

The officials promise one of the best fairs ever held in the county, and a racing program that should attract some of the classiest horses to the city. The entry list this fall is expected to be large as the special stakes will be an inducement for owners to bring their stables to the Licking fair.

The directors at a recent meeting raised all purses from \$500 to \$1,000, and the purses for the fair will total \$6,500. Following is the racing program as announced by the officials:

Day	Stake	Purse
Tuesday, September 26	2:15 Trot—Agricultural stake, \$1,000.	2:09 Pace—Purse, \$400.
Wednesday, September 27	2:24 Pace—(Restaurant stake), \$1,000.	2:14 Trot—Purse, \$400.
Thursday, September 28	2:16 Pace—(Consumers stake), \$1,000.	2:18 Trot—Purse, \$400.
Friday, September 29	2:28 Trot—(Citizens stake), \$1,000.	2:13 Pace—Purse, \$400.

## NATIONAL GAMES PROPOSED FOR CHAMPIONSHIPS.

Cleveland, May 24.—Mayor Harry L. Davis, who several weeks ago launched a movement to obtain the 1920 Olympic games for Cleveland, stated today that he had appointed a commission to try to establish a new system of American athletic games to be launched at a great national meet in this city in 1918, as a preliminary to the 1920 Olympic contests. The mayor said today: "It is time that this country should be holding national games to determine the American championship in various branches of athletics."

The mayor believes also that such games would show the country that Cleveland has excellent facilities for Olympic games and would aid this city's candidacy in obtaining the 1920 contests.

## NICHOLS WORKS WITH MENDELS; HERE SUNDAY

Fitzsimmons ball players will have opportunity Sunday to test the metal of Pitcher Nichols, former teammate, when the Mendels come for a regularly scheduled game in the Capital City League. Nichols is working with the Mendels this season. He operated successfully last Sunday in a game with the Hewitts, allowing but five hits. His team won by a score of 11 to 1.

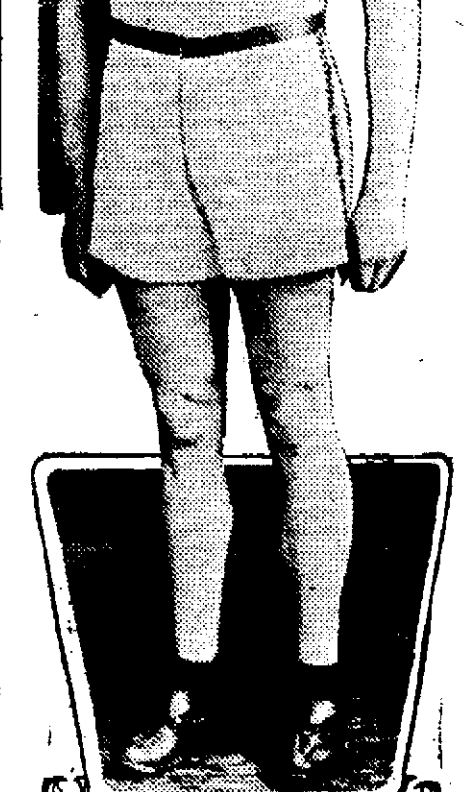

He will have the advantage of being familiar with the batting weakness of most of the Newark men and whether they can outguess him remains to be seen.

Judge, another former Newark player, having worked with the Buckeye Leaguers here last season, is with the Mendels. He is playing the same consistent game in the short field and is hitting well.

Newark must win this game to remain in third place, and it is barely possible that Schimpf's boys can regain the leadership should the Wilkie and Lancaster teams lose.

Manager Schimpf announced this morning that practically the same team would be sent against the Mendels, Second Basemen Evans will be on hand again. He hit in hard luck last Sunday and if he is favored with the breaks Sunday, he probably will make his presence felt.

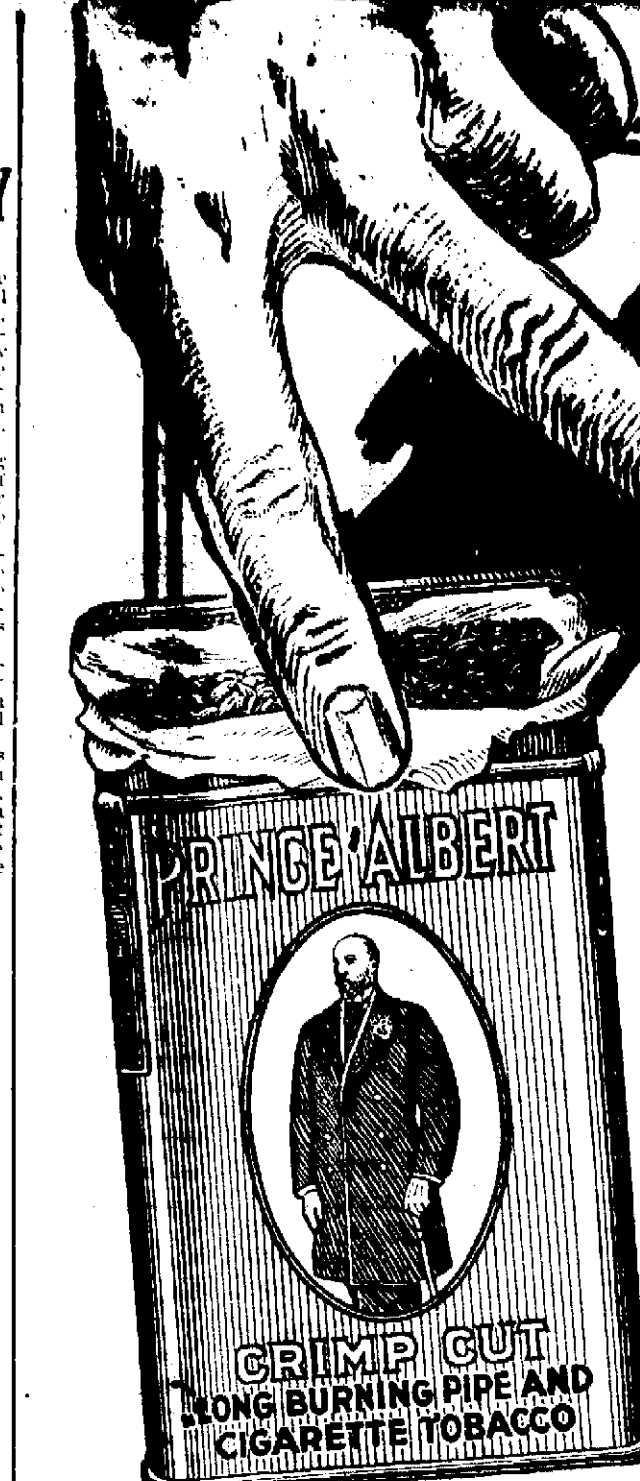

## STRAINED GROIN MAY KEEP RICHARDS OUT

Alma Richards.

The disabling of Alma Richards, Cornell's track star, has seriously hampered the school's chances in the approaching intercollegiate meet, and there is much gloom around Cornell. The rest of the track team are determined to make up through extra effort the loss of Richards, but it is understood on every side to be a rather hopeless undertaking. Coach Mouley is placing most of his confidence on his distance men. Richards is suffering from a strained groin.

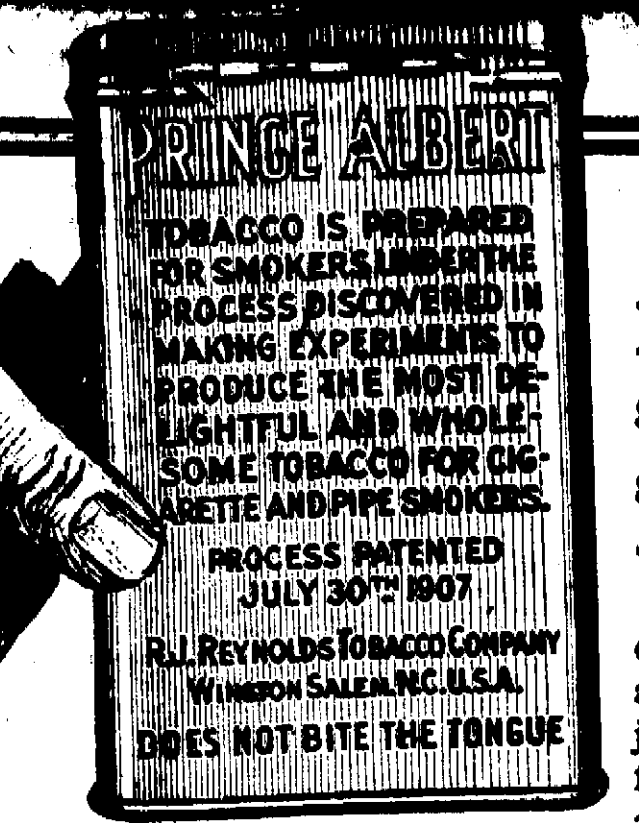

All the world's a stage, but the fellow who has to shift for himself isn't necessarily a scene shifter.

proposal was offered with the idea of centering responsibilities in one person.

Lively opposition has been expressed by some of the delegates who favor the present system.

The conference voted 468 to 325 to continue the publication of all magazines. It had been proposed to consolidate three of the church papers as an economy.

Publishing agents of the Methodist book concern were elected as follows: Edwin R. Graham, Chicago and John H. Race and Henry C. Jennings of Cincinnati. Gifts of \$5,100 were made by members of the conference for the Boys Industrial school, Venice, Italy. Of this amount Frank A. Arter of Cleveland contributed \$3,200 by purchasing at auction a table manufactured by the boys of this school for the use of the conference.

Assignments of bishops to episcopal residences for the ensuing four years included the following:  
William F. Anderson, Cincinnati; Theodore S. Henderson, Detroit; Herbert Welch, Korea.

UNITED PRESBYTERIANS  
MEETING IN CLEVELAND.  
Cleveland, May 24.—Dr. Thomas H. McMichael, president of Monmouth College as retiring moderator, presided today at the opening session here of the 58th general assembly of the United Presbyterian Churches of North America. The assembly will continue in session until May 29. The denomination has 1156 congregations and 198,570 members. Distribution of \$750,000 raised last year for missions will be discussed as a leading issue of the convention.

## THE GUN HE USED IN '61

## One Village And the Flag

Down in the southwestern part of New Hampshire, in Cheshire county, there is a village called Nelson. It has 231 inhabitants. When the war of secession was going on, however, it sent 124 men to the front. There is a lawyer here in New York named Henry Melville, says the New York Times, and awhile ago it seemed to him—he was a Nelson man—that it might be just as well to present to the village a tablet commemorating its rather unusual record in the time of war. So he did, and it was unveiled not long ago near a little old Yankee church. Not many folks there, most likely. Melville could not have got from it the satisfaction of having a big crowd and a hurrah. Any pleasure he got from it must have been internal.

But he or somebody else in Nelson was not content with this celebration, and a pamphlet was published showing the record of these New Hampshire soldiers. Easy enough to do, for there were only 124 of them. Nelson, though, had given its best, its young men and its old ones, and there were husbands, fathers, and maybe grandfathers in that "Born in Nelson" is the brief sentence appended to almost all of these biographies. There was one man not with a Yankee name. He came from Patagonia, of all places in the world, and his name was Castone. Nelson is rather proud of him. He was its foreigner. "He was not very strong, but he could knock men down as fast as they came to him till he had them in a pile," says Olin N. Wardwell, his camp "buddy," who writes a few regrettable brief lines about him for the record.

Even Castone "enlisted from Nelson." There was a boy from Harrisville, but he ran away from home so that he could enlist, being under the legal age, and picked Nelson out as a place where nobody would know him. Andrew Jackson Beal his name was. The Confederates added him to their bag when they took Harpers Ferry in 1862, but the boy was exchanged or escaped, for he stayed in the army, was promoted and was not mustered out until two months after the war was over.

"Born in Nelson" is true, too, of Thaddeus Angelo Barker, not a warrior, but a musician. Still, guns go off just the same when musicians are advancing at the head of their companies, and there was a day in the Wilderness when they ordered Thaddeus Angelo Barker to the operating table. He would not go. He lay there in the scrub oak all day long with his broken hand in a brook and after all did not lose it. "But it was never of much use"—a right hand, much needed by a musician. There was Granville S. Derby, "born in Nelson," who was one of the men who ran down Cemetery ridge after Pickett's lines collapsed and chased the Confederates across the stricken valley. Something a little apologetic has to be said about Joseph N. Day. He was not "born in Nelson." He was an alien from Massachusetts, but he had taken the blame off by living in Nelson "for many years." He was shot and severely wounded the day that Sheridan made that celebrated ride to Cedar creek.

Sergeant Partridge was shot one day in September, 1864, and Private J. F. Foster, "enlisted from Nelson," happened to be "near by." So he "took hold of him to give him a lift," he says. Giving the sergeant a lift was dangerous, and the Confederates came across the field and took Foster prisoner. Foster tells of it without any emotion or any apparent comprehension that there was anything out of the ordinary about this lift giving.

Grave, serious minded men they were. When the Sumter news came to Nelson George G. Hardy turned to Edwin P. Hunt and said, "One of us will have to go." There was nothing light minded about the way Nelson went into the war with its 124 men. Hunt was the first man to enlist from Nelson. He was young, but Hardy was middle aged and married. Hardy went just the same, and died in the field.

Every man has his price, and some even buy their ancestors.

## CHECK WORKER FLIMS GROCERY; WORKED BEFORE

An alarm has been sent out for the arrest of Arthur Vogel, alias Charles Wilson, etc., who is believed to have passed a bogus check at the Mullen grocery store last night just before the store closed. The check was made payable to Charles Smith, signed with the same name and bore a similar endorsement. The amount named in the order was \$5.

When a description of the man was furnished to Police Chief Sheridan, he recognized in the check worker features which enabled him to identify the man as Vogel, who passed four bad checks here in 1913. Later he was arrested and convicted of forgery and served time in the penitentiary. The victims in the former operations were W. C. Collins, Ed Doc, George Hermann and the Scotch Woolen Mills company.

Zanesville police were asked to watch for the man and local merchants were warned to be on their guard against falling victims of strangers with checks.

## FOUR NURSES TO BE GRADUATED ON THURSDAY NIGHT

The annual commencement exercises of the training school for nurses, Newark City Hospital, will be held Thursday evening, May 25, in the parlors of the Second Presbyterian church. The public is cordially invited to attend these exercises and to remain for the informal reception which follows.

The graduating nurses are Miss Hazel Stevenson, Miss Elizabeth Sharkey, Miss Florence Russell and Miss Mary Hoosan.

Mazda.  
The Mazda theater, which at present is closed, will open Thursday with what is to be known as a summer schedule. The last three days of the week will be the only days the theater will be open and a series of high class pictures are announced for this week.

Thursday—Sissey Fitzgerald assisted by an all star cast of Vitaphone comedians will be presented in "The Winkles Widow"; Friday—"Kathleen Williams" will appear in "Hearts and Masks"; Saturday—Olga Petrova will be seen in the "Tigress" and Sunday's offering will be Clara Kimball Young in "The Little Minister."

During the absence of Mr. Chapman, proprietor of the Mazda, who is at Lorain, the theater will be under the management of Miss Gretchen Koonitz and R. W. Fundaberg.

## A CHRONIC CASE

DRIVEN OUT BY THE MASTER MEDICINE—TANLAC.

Stomach Trouble, Indigestion and Bileousness Stopped.

James Doris, who resides in Washington avenue, and who long has been troubled with chronic stomach trouble, indigestion, and bileousness, says of Tanlac:

"I had chronic stomach trouble, indigestion, was bilious, had little appetite and slept poorly. Tanlac has relieved this distress and I now feel better all around—sleep well, eat well, stomach trouble relieved, and I feel like a different man—thanks to Tanlac."

Tanlac is equally as effective in the treatment of catarrh, rheumatism and liver and kidney trouble, and is a great spring and blood purifier.

Tanlac is demonstrated at Hark's Drug Store, and is for sale at Utica by J. R. Strine, Granville by W. P. UH-ron by J. W. Haines, Hebron by the Hebron Drug Store, Centerville by E. B. Walter, Kaufman-Lattimer Co., exclusive wholesale distributors.—(Adv.)

## RACE HORSE WAS HURT; COLLIDED WITH AN AUTO

Miss Birchleaf, a racing mare belonging to William Priest northwest of the city, was slightly injured yesterday afternoon when it collided with an automobile owned by Phil Vogelmeier in North Fourth street.

The horse "slipped its halter" in the Vogelmeier barn in South Fourth street and before the barn attached could get to the front door the horse was gone.

The animal ran north of Fourth street and in trying to avoid striking a wagon struck the automobile. It was caught a few minutes later by employees of the Vogelmeier barn and returned to its stall. A veterinarian was called and attended to the injured animal.

Unit Will Drive Them Away. Brings Back Smooth, Clear, Youthful Complexion and Color.

"The bottle of Unit has completely cleared my face of the horrible wrinkles that were such an eyesore to my five daughters, and even my grandchildren have their say about Grandma's wrinkles. It is a God-send to wrinkle suffering humanity." "Unit, the wonderful pure nut-oil-skin food (in ointment bottles, not a face cream) will do as much for you, ladies, whether you are grandmothers, middle-aged or young mothers, or younger girls—whether the wrinkles have been brought to your face by age, work, worry or exposure to wind and sun. Unit feeds the skin back to health. It is the one thing that will bring back the youthful appearance so dear to you and admired by everybody."

Rubbed into the skin before retiring, it does its magical work while you sleep. No other treatment is necessary. Get a bottle today at any first-class drug store for 50 cents. It is guaranteed to contain nothing that will cause hair growth. For sale by T. J. Evans, Erman Original Cut-Rate Drug Store and dealers everywhere.

### Readers' Viewpoint

**What Shall the Platform Be?**  
Editor of the Advocate:—The public mind is a state of great curiosity, if not a state of painful suspense, and it will remain so until we learn the name of the Republican candidate for President, who is to be beaten by Woodrow Wilson next November. But there is another curious question in many minds, namely, what sort of a platform will they adopt?

We may safely assume that their platform will assure us that we will have hard times—yea, harder times than we have ever known—as soon as the European war is over, unless we elect a President and a Congress that will permit the tariff barons to dictate our tariff laws as in days of yore. This prophecy of hard times and financial disaster has become so precious to Republican leaders that we may expect it to be echoed and re-echoed and reiterated and re-reiterated from the Lakes to the Gulf, and from the Atlantic ocean to the Pacific from the beginning to the end of the campaign.

I take it that the Republican convention will declare itself in favor of National preparedness rather than National sacredness and topsturving; but what will they have to say concerning the ways and means of raising the additional revenues for the support of a larger army and a larger navy? Will they say that the taxation necessary for the raising this revenue should be placed where it properly belongs, on the incomes and inheritances of the rich and prosperous, or will they seek to place it on the backs and labor of the common people, bidding blessings of a high tariff—lest, forsooth, a worse thing should come to them!

Will this convention declare to the American people that instead of maintaining our neutrality and traditional policy of non-interference with European nations, President Wilson should have made our government a virtual ally of France, England and Russia by formally protesting against the invasion of Belgium, or that he should have made us a virtual ally of Germany by placing an embargo on the exportation of arms and ammunition to Germany's enemies? In other words, if this convention is going to make a campaign issue with Wilson's administration in reference to its foreign policy, will it be able to define the foreign policy of the Republican candidate in case he should be elected? The momentous issue of a foreign war can not be met with mere denazation and condemnation, even if these be put forward in the names of "Americanism" and super-patriotism.

And Mexico? Will this convention have the boldness and the candor to tell us the definite action which they think should be taken in reference to that unhappy country? Will they demand that the army of the United States should be used to uphold the great landlords, native and foreign, who have reduced a large portion of the Mexican people to a condition of virtual slavery and want to exploit their labor world without end? Will not the voters demand some definition and exposition on this point?

The Republican convention will find no difficulty in adopting a platform that will be acceptable to the millions and billions who are ready to pour out their money in a torrent equal to the torrent of Niagara, if haply they can place some other man than Woodrow Wilson at the head of our government, and perhaps they can frame a platform that will satisfy those progressives who are so anxious to find food and shelter under the old roof and warm their cold feet at the old hearthstone. But what about the Woodrow Wilson Republicans, a greater or less number of whom will be found in every voting precinct of the country, no matter who may be the Republican candidate for President or what may be the platform on which he stands. "Ay, there's the rub," gentlemen of the great convention.

M. R. SCOTT.

**HARDWARE MEN MEET.**  
Pittsburgh, May 24.—The seventh annual convention of the American Iron, Steel and Heavy Hardware Association opened here today with more than 300 delegates present. J. J. Gregg of St. Paul, Minn., president of the association, delivered his annual address. The election of officers will be held Friday.

The total income of the people of the United States is about \$35,000,000,000 a year.

## Granville

(Special to The Advocate)

Granville, O., May 21.—The meeting of the town council last evening resulted in nothing of special interest to the public. The Ohio Electric proposition was discussed in all its bearings but will not be settled until the adjourned meeting to be held on Thursday evening, May 25. At last night's meeting Mr. O. S. Newton, of the Sunday Creek Coal company, was present, and on recommendation of Mr. J. B. Jones, gave an interesting talk on electrical lighting, which was greatly appreciated by the members present, although Mr. Newton had no proposition to present, either on his own or another's behalf. Further action on the cross-town street paving ordinance will be taken up at the next meeting.

Prof. and Mrs. August Odebrecht have decided to spend the summer in Chicago where for several seasons past Mr. Odebrecht has taken a course in the University of Chicago summer school.

Miss Flora Hoover, principal of the Granville high school, is to be one of the Denison summer school faculty. She will give a course in grammar designed for teachers, and special emphasis will be placed on method of teaching the subject, analysis and synthesis. It is a general review course, its object being to make the subject of grammar an aid to all composition work. Miss Hoover will also give several other courses in English.

Mr. and Mrs. C. B. Slack, who left Granville last Wednesday for an automobile trip to Washington, D. C., arrived there on Saturday. They report good roads after leaving Pittsburgh.

Mr. Kenneth Ullman left this morning for Ann Arbor, where he is a delegate from the chapter of Sigma Chi to the national convention of Sigma Chi to be held this week.

Dr. C. L. Williams left early this morning for New London, where he is to deliver the commencement address before the high school this evening.

Mr. and Mrs. J. S. Jones have gone to New York for a few days' sojourn.

Mrs. W. H. Jones of Kinsman, Fla., is visiting at the home of her brother and sister, Mr. and Mrs. C. J. Wright in Centerville street.

Rev. Justin Nixon, '05, Denison university, who has occupied the pulpit of the Calvary Baptist church in Minneapolis, Minn., for some years, has been honored with a call to the head of the Hebrew department in Rochester theological seminary. Rev. Nixon is a Granville boy—a son of the late Rev. H. A. Nixon and Mrs. Nixon. His father also graduated from Denison.

Mr. and Mrs. Malcolm Baker of Newark with their little son, were guests of Mr. and Mrs. Fulton Van Voorhis yesterday.

Remember the Beethoven sonata recital this evening in Recital hall will begin at 7:30. Miss Fannie Judson Ferrar, head of the piano department of the conservatory, assisted by Prof. DeWitt S. Wattlesey, director of Chicago, will give a concert well worth your attendance, however busy and however weary you may be.

It will be well for music lovers to set aside next Monday evening, May 29, for the organ recital to be given in the Baptist church by Miss Eva Wright, assisted by Mrs. Marian Rose Johnson, soprano.

Great preparations are being made for the public school carnival to be held on the school grounds Thursday afternoon, May 25, beginning at 1:30. It promises to be most enjoyable, and a large crowd is expected. Admission will be free. The ice cream, popcorn and lemonade sold during the afternoon will go toward defraying the expenses of the carnival.

Sigma Chi fraternity will hold open house on Friday afternoon, May 26, when they will receive the ladies of the town and faculty and the senior and junior girls of the university. In the evening there will be a garden party for the young people exclusively.

## ROWE ORDERED TO SERVE TIME ON OLD \$50 FINE

A fine of \$50 and costs assessed April 23 against H. A. Rowe by Mayor Bigbee, and which was suspended pending good behavior, failed to keep the man from breaking loose again. Sunday night he went home drunk, kicked in door panels, frightened his wife and family but escaped before the officers summoned could reach his home. He was arrested later at the old Brewery in Walnut street.

Police were notified of his Sunday night outbreak by Rowe's son, who ran breathless to the police station. He was so frightened and exhausted that he could hardly tell the officers what he wanted.

This morning, Rowe was arraigned on a charge of drunk and disorderly conduct and destruction of property. He was fined \$5 and costs on each charge, a total of \$27, and was ordered to serve out his previous sentence of \$50 and costs which was suspended. This fine was assessed for beating his wife.

With more than \$75 charged against him on the court books, Rowe will be kept in jail for many months.

Three other drunks were fined \$5 and costs each and two train riders drew \$5 and costs each.
